Churches in the nation's big cities better be alert to the dangers of spectacular urban growth or they may commit suicide, a specialist in the field told delegates to the Eastern District convention of the American Lutheran Church here Wednesday night.

Dr. Walter Klotzli, New York, secretary of the National Lutheran Council Urban Church Planning Section, pulled no punches in his warnings to the 370 delegates at Gettysburg College chapel.

"Congregations, at the local level, must start self-studies now and make their plans for the days ahead while they're still strong enough to do so," he declared.

Must Make Studies

Church groups, he contended, must provide study personnel and spend money to find out what is happening—and will happen—in the larger centers of population.

There is more to the problem than mere population growth, he said. The shift from rural areas to cities, the "mobility" of the population these days and the "sprawl" tendencies in urban districts are making themselves felt already.

By 1975, statisticians predict, the nation will have grown from 180 to 240 millions after jumping 30 million between 1950 and 1960. By the end of the century, the U.S. may boast 340 million people.

Move At Peak

The move of people from rural to city areas, Dr. Klotzli added, is at a peak now. In another five years, he ventured, the population

E. CRAIGHEAD EXPIRES TODAY IN HARRISBURG

Eugene M. Craighead, 66, Camp Hill, formerly of Gettysburg, died early this morning at the Harrisburg General Hospital after suffering a stroke late Wednesday night.

He retired in 1956 after serving in the State Department of Agriculture as a plant pathologist since 1932.

Born December 15, 1892, at Craighead Station, near East Berlin, the deceased was the son of the late Mr. and Mrs. Charles M. Craighead. He is a member of a family which received their original land grant from William Penn. He was a member of the Covenant Presbyterian Church, Harrisburg.

He was a hunting and fishing enthusiast and a member of the West Shore Country Club, Harrisburg. He attended the public schools of Harrisburg and graduated from Pennsylvania State University. He did his graduate work at Harvard. He served as pharmacist's mate in the Navy during World War I.

In addition to his widow, Mrs. Myra Eby Craighead, he is survived by two sons, Samuel E., Harrisburg, and William M., George School, Bucks County. Also surviving are a brother and two sisters, Frank, Boiling Springs; Mrs. William Gawthrop, Kennett Square, near Philadelphia, and Mrs. James Findley, Charleston, S. C., and two grandchildren.

Funeral services are incomplete. The Craigheads also resided at Guernsey before moving to Harrisburg.

Gov. Long Leaves Clinic For New Orleans Hospital

NEW ORLEANS, La. (AP)—A weary but determined Gov. Earl K. Long was back in Louisiana today, confined to a \$22.50-a-day hospital room overlooking the Mississippi River bridge his brother built.

Long, 63, returned Wednesday night from a 19-day stay in a Galveston, Tex., psychopathic clinic. The return trip began as he stated firm intentions of resuming his duties as chief executive of his home state.

The extent to which this will be possible, at least immediately, remains unanswered.

Nearly a dozen doctors began checking today the physical condition of the ailing governor, who vows he will seek an unprecedented fourth term in December.

No Visitors, Phone

Doctors at the Ochsner Foundation Hospital removed the telephone from the governor's "medium priced" room. They insisted a "no visitors" ban include politicians.

The big questions now: Will Long run again? Will his health permit it? Will he call a special legislative session to resurrect some of his pet bills that failed

Six Are Killed In Road Crash

AUBURN, Mass. (AP)—Six persons were killed Wednesday night on the Massachusetts Turnpike when an automobile leaped the dividing strip of the dual highway and was rammed by another car.

Three persons, two of them children, were critically injured.

The dead included Jerome Makara, 57, of Springfield; and his wife, Cora, about 55.

Their children, Geraldine, 15, and Edward, 11, were injured.

The other dead were Springfield employees of Monsanto Chemical Co. returning home after a day's deep sea fishing off Boston.

They were Wilbur B. Handfield, 41; Richard Donaldson, 28; Arthur Deveno, 38, and Martin F. Wilson, 26, all of Springfield.

John Pasterczyk, 32, of Chicopee Falls, a fifth man in the car, was injured.

Police said Deveno was driving when his car crossed the center strip out of control.

SCOTT SPENT MOST TO WIN NOMINATION

Campaign expenses of the five Republican candidates for two nominations for county commissioner totaled \$2,835.81, according to expense accounts filed at the county court house. Today is the last day for the filing of accounts by the candidates.

Largest amount spent was the \$1,158.28 expended by incumbent E. Donald Scott, Baltimore St., in his successful bid for the Republican nomination. Sixty-eight workers are listed at \$10 apiece. Most of the remainder went for advertising.

Clarence J. Waybright, Gettysburg R. 2, who won the other nomination for commissioner on the Republican ticket, spent \$599.49 in his campaign, again with most going for advertising. Donald B. Hall, Orrtanna R. 1, spent \$517.84 in his unsuccessful campaign, of which \$217 went to persons to haul voters to the polls and the remainder mostly for advertising.

Two Spent Under \$150

Raymond J. Jacobs, Hanover, spent \$373.92 in his campaign for Republican nomination as a county commissioner and George Ackerson, Barlow St., spent \$186.28.

The Democratic nominees, Charles B. Bender, Broadway, and incumbent George E. Kane, Biglerville R. 2, were able to file "less than \$150" declarations because they were unopposed for the nominations.

Marlin H. VanDyke, Gettysburg R. D., spent \$333.81 in his campaign for register and recorder. Incumbent Carl S. Menchey, in defeating VanDyke for the register and recorder nomination, spent \$342.46 of which the majority was for advertising.

Others File Reports

Others who filed accounts which listed "less than \$150" spent for the campaign included: Ivan J. Breighner, for Second Ward, Gettysburg, councilman; Daniel E. (Continued On Page 2)

COUNTY S. S. CONVENTION IN YORK SPRINGS

The annual convention of the Adams County Council of Christian Education will be held Sunday afternoon and evening at the York Springs Lutheran Church, President James Shaffer announced today. Each Sunday School in the county is asked to send two delegates to the convention.

Sessions will begin at 2 o'clock Sunday afternoon with a prelude played by Miss Charlene Keefe of the York Springs Lutheran Church followed by a song service directed by Dale Roth of the Good-year Lutheran Church.

Devotions will be conducted by the Rev. Amos D. Meyers, of the York Springs Methodist Church. Following a welcome by Rev. Norman Bortner, pastor of the host church, a business session will be held to elect and install officers for the coming year.

Announce Speakers

Two departmental sessions are scheduled for the afternoon. Rev. Arthur Yeagy of the Christian Education committee of the Pennsylvania Council of Churches will speak to the Adult and Youth group. Rev. Harry Fehl Jr. of the Memorial EUB Church, Gettysburg, will serve as moderator. Miss Sarah M. Hefelfinger, of the First Lutheran Church, Carlisle, will speak to the children's group for which Mrs. Ralph Hikes of the Upper Meridian Church will act as moderator.

Those attending the convention will join in a box luncheon with the host church providing coffee after which slides on "The Life of Christ" will be shown.

The evening session will begin at 7:30 o'clock with Luther M. Lady of the Arendtsville Lutheran Church presiding. Miss Karen Kennedy of the York Springs Lutheran Church will play the prelude following which there will be another song service. Devotions will be led by the Rev. Mr. Bortner. Special music will be provided by the Meridian Springs School and the host church.

The Rev. Willard W. Wetzel, pastor of the Salem United Church of Christ, Jacobus, will be the speaker at the evening session.

W. SWISHER JR. GETS 2 JOBS IN NATIONAL PARK

William R. Swisher Jr., son of Mr. and Mrs. W. R. Swisher, E. Middle St., is serving as a student minister and soda fountain clerk in the Yellowstone National Park under a program set up by the National Council of Churches.

Swisher, who intends to start his theological studies next fall at the Lancaster Theological Seminary, is one of a number of

young student ministers who are working in national parks under arrangements set up by the national council.

The council secures employment for the youths in various concessions in national parks or nearby. They work there full time in order to earn their way. Swisher was assigned to the Hamilton Store at Mammoth Hot Springs.

In-Service Training

They are assigned for spare time and Sunday duty to a minister of a church serving the national park area.

The program is entitled "Ministry In The National Parks." The program was worked out as a way in which to provide in-service training for young ministers, and help to meet the spiritual needs of the visitors to the national parks. Ministers of churches near or in national parks carry on the work with their own congregations but find the going difficult when the normal congregations are tripled or quadrupled by visitors during the summer months.

Swisher is a graduate of Gettysburg College with a Bachelor of Arts degree June 8.

Building permit applications have been approved as follows: Sinclair Refining Co., Reading Railroad, erect a steel loading platform at a cost of \$1,550. Daniel F. Skelly, erect two-story frame house, Sunset Ave., \$14,000.

A 10-day notice has been sent by Justice of the Peace Robert P. Snyder to Charles H. Walker, Gettysburg R. 5, charged by borough police with driving too fast for road conditions.

Also surviving are six grandchildren, Joan, Patricia, John, Bruce, Margaret and Susan Tawney; two sisters and a brother; Mrs. Garfield Kramer, Dauphin; Mrs. Donald Culp, Harrisburg, and Fred Tawney, Baltimore.

Mr. Tawney had been driving along the Emmitsburg Rd. about 7:30 o'clock Tuesday morning when his car swerved off the highway and struck a pole. He told physicians at the hospital after his admission Tuesday that he had apparently blacked out while driving. Dr. C. G. Crist, Adams County coroner, had attributed the death to a crushed chest, lacerations of the face and cardiorenal-vascular disease.

Noting that the death was a four-block residential and business area around the 79th Street causeway where police Sgt. Stewart Cooley estimated the loss would run at least to one million dollars. It missed downtown Miami.

L. S. Pope, picked up bleeding on the causeway, said he was on the second floor of a five-family dwelling when its roof blew off. His bed was flung into the air.

Don Shoemaker, who lives in the area, said: "I've been through two tornadoes and have never seen anything like this. It looked like a bomb had hit."

Mrs. Nola Cone, 40, scrambled out of wreckage of her bar with six patrons, shaken but unhurt. "I've seen Oklahoma tornadoes but none like this," she said. "I heard this roaring sound and yelled 'Everybody hit the floor and get under something.'"

Barefoot Bandit

Coyle's brother, William, 22, was wounded in capture and died later. Police stripped John, shoes and all, in search of weapons and to make escape difficult in march through woods. (AP Wire-photo)

GIVE PLANS FOR SCOUTS FAMILY PICNIC

Approximately 1,000 are expected to attend the annual Family Picnic of the Black Walnut Boy Scout District to be held Sunday, June 28, from 11 a.m. until dark at a woods in Bonneauville.

Crosby N. Hartzell, chairman of the camping and activities committee of the district, said signs will be placed from Bonneauville to the picnic site. The picnic is for the approximately 900 Cubs, Scouts and Explorers of the Black Walnut District, their parents and brothers and sisters.

Ray Weishaar will be general chairman for the event, with Donald Bucher, Stanley C. Rodgers and Paul Glenn in charge of Cubs and leaders games; Paul Kuhn and Jack Orner in charge of Scouts and Explorers games; Paul Evans, Paul Hollinger and Chairman Hartzell in charge of refreshments. Donald Bucher will be in charge of awards.

From 1 P.M. Until Dark

The program will include dinner from 11 to 1, a get-acquainted period from 1 to 2; games, featuring soft ball games between the Cubs and their mothers, from 2 to 5.

Supper will be from 5 to 6 followed by presentation of skits by the Cubs and presentation of awards, from 6 to 7 o'clock. The skits will be the ones originally scheduled to be presented by the Cubs at the Camporee last (Continued On Page 2)

Mercury Drops To 49 Degrees Today

A week ago Gettysburg was in the final day of a heat wave that had been setting new records for June and this morning the mercury in the Gettysburg Times weather station thermometers reached a new low of 49 degrees in the cold wave that began last Saturday.

This morning's low was far from a June record and only last year on the same date the low was 48 degrees. The low reading in last June was 45 degrees on June 7.

The lowest reading ever taken here in June was 39 degrees which was recorded on two occasions—June 1, 1930, and June 11, 1913.

Low readings here since last Saturday have been in the low 50's.

Final Report Meet On Campaign Friday

The final report meeting in Gettysburg College's campaign for capital funds in Adams County will be held Friday evening at 7:30 o'clock in the college dining hall.

Atty. Richard A. Brown, county chairman, urged all workers to complete their solicitation and present their completed reports at the meeting.

Dessert and coffee will be served.

PLAN LADIES' NIGHT

The Good Samaritan Royal Arch Chapter No. 266 and Gettysburg Commandery No. 79 will hold the joint annual ladies' strawberry night this evening at 8 o'clock in the social room of the United Church of Christ, S. Stratton St.

BOARD SIGNS MISS F. FINGER FOR CASE WORK

At its board meeting Wednesday evening at its office on N. Washington St., the Adams County Board of Public Assistance accepted the resignation of case worker Mrs. William Morrow, Chambersburg St., and engaged Miss Florence H. Finger, 54 Hanover St., as a case worker.

Mrs. Morrow will shortly move to New Jersey where her husband is employed. Miss Finger, a Hood College graduate, is a former employee in home economics and public relations of the Adams County Electric Cooperative, N. Stratton St.

The board also discussed the distribution of surplus food in Adams County. The results of study of nearby Bedford County, where conditions are similar to those here, showed that in 1958 1,200,000 pounds of food were distributed to between 10,000-12,000 persons at a cost of \$2,000 for storage and the pay of one overseer. The board expressed the hope that the county commissioners would consider future distribution of government surplus foods in Adams County, one of five counties in Pennsylvania still not distributing surplus.

Change In Load

A change in case load was reported showing nine fewer cases than last month and 58 fewer people. The board received notification that William B. Toland, Harrisburg, previously with the Children's Bureau of the U.S. Health, Education and Welfare Department, had been named commissioner of public assistance in Pennsylvania, effective July 6.

Attending the meeting were Clyde L. Kennedy, York Springs, who served as chairman; Mrs. J. Kermit Heretier, 39 N. Howard Ave.; Evan Appier, Littlestown; Rev. Charles E. Held, R. 1, and Mrs. Donald Myers, executive director of the Adams County Board of Assistance.

The next meeting will be held July 8 at the board office.

TAWNEY RITES ON SATURDAY

Funeral services for Thomas McKinney Tawney Sr., 62, who died Wednesday afternoon at the Warner Hospital of injuries received in an auto accident Tuesday, will be held Saturday afternoon at 2 o'clock from the Bender Funeral Home, Carlisle St. with the Rev. William E. Fenstermaker officiating.

Interment will be in Evergreen Cemetery. Friends may visit the funeral home Friday evening from 7 to 9 o'clock.

A native of Adams County, Mr. Tawney was a son of the late Harry and Ida (Fisher) Tawney. He was employed for 30 years by the Gettysburg Ice and Storage Co. and then since 1952 has operated the Shell service station at the Lee-Meade Inn along the Emmitsburg Rd. He was a member of the Gettysburg Methodist Church.

Surviving are his wife, the former Mabel J. Moore, whom he wed October 7, 1914; five sons: Thomas Jr., Tarpon Springs, Fla.; Kenneth, Gettysburg R. 4; James, Gettysburg R. 2; Richard, Renovo, and Harry, Gettysburg.

John J. Dickson, Adams Native, Dies

John J. Dickson, 79, 119 N. Beaver St., York, a native of Adams County, died Wednesday morning at 10:40 o'clock at the York Hospital where he had been a patient for 18 days.

A son of the late Watson and Elizabeth (Gilbert) Dickson, he had resided in Gettysburg most of his life. For the last several years he was retired.

Graveside services Saturday morning at 9:30 o'clock in the Great Conewago Presbyterian Cemetery at Hunterstown with the Rev. Dr. Howard S. Fox officiating. There will be no viewing. Arrangements for the funeral are being made through the Peters Funeral Home, Carlisle St.

ARENDSVILLE FIREMEN PLAN NEW BUILDING

Arendtsville firemen at their June meeting Wednesday evening in the Arendtsville Bank building ordered plans drawn for a new engine house which may cost about \$15,000 and will be erected on fire company land on Pearl St.

Herbert Plunkert of the I. H. Crouse and Sons firm of Littlestown has been authorized to prepare plans for a 44x68, one-story, concrete block building with a brick cased front. It will provide adequate space for two fire trucks, a meeting room and storage and utility space.

The present engine house may be sold, firemen said.

47 Must Pay Dues

Twenty members attended the meeting with President Lawrence Walde presiding. The reports on discussions about the new building were given by trustees of the company, Harvey Dickert, Paul Hartman and Guy Herring, who have been in charge of preliminary investigations.

Financial Secretary Robert Hartzell reported 47 members of the company have not yet paid their dues and July 1 was set as the deadline.

Six pairs of trousers and hats for fire police were ordered and it was announced the company received a \$20 donation from John Cluck. Books were distributed to members for these prizes to be awarded on the final night of the South

DECIDE GIRL INSANE WHEN SHE KILLED HER PARENTS

MAUSTON, Wis. (AP)—A jury decided Wednesday night that attractive Jane Dakin, 17, who likes to read Shakespeare and play the piano, was insane at the time she killed her wealthy parents.

The Circuit Court jury of 11 men and one woman, after deliberating three hours, found that Miss Dakin was innocent on two counts of first degree murder because she was insane at the time of the act. This was the plea she had entered for her trial.

The girl admitted shooting her mother, Elizabeth, 43, and then her father, Thomas, 46, with an automatic .22-caliber rifle the night of Dec. 1. Seventeen shots were fired from the gun, most of them striking the parents. Afterward she went to a friend's home and told of the double slaying.

Future Undecided
She testified at her trial that she had discussed "Hamlet" and other works of Shakespeare with her mother shortly before she shot the mother to death in their home. She killed her father when he entered the home a short time later, she said.

Judge Bruce Beilfuss remanded the girl to the custody of the Juneau County sheriff and said he would confer with public welfare officials before deciding whether the girl should be sent to an institution for a determination of her sanity now and whether she should have psychiatric treatment.

SEEK FAMILY

The police car to investigate. They believed the man was ill and took him to the Warner Hospital. There death followed about three hours after his admission. An autopsy performed at the direction of Dr. C. G. Crist, Adams County coroner, confirmed the belief physicians had when they had first examined him, that the man had suffered a cerebral hemorrhage, which caused his death.

The body was turned over to the Bender Funeral Home while police checked the man's story that he had a daughter in Orlando.

So far no confirmation has been received and the county home superintendent and commissioners' clerk were anticipating the next step if no relatives claim the Florida worker. The state law provides that unclaimed bodies be turned over to the state Anatomical Board for dissection by student physicians. But the Anatomical Board of late has not claimed too many, they said. If neither relatives nor the board claim the body, the Pottery Field on Barlow's Knoll may again be used as a burying ground.

5,000 Saw Films
Mrs. Blocher reported both the Towne Theater, Littlestown, and the Majestic Theater, Gettysburg showed films on cancer. The Gettysburg Times was praised for its assistance in the furthering of education in the danger signals of cancer.

The executive director also reported showing films and speaking to the following groups in the last six months: Biglerville Girl Scouts, Arendtsville Reformed Church group, four circles of St. James Lutheran Church, Gettysburg, the Auxiliary of the Catholic War Veterans, Bonneville, the United Brethren Home Auxiliary at Cross Keys, at which Mrs. Delp was the main speaker. At East Berlin High School and elsewhere films have been shown. Mrs. Blocher said she estimated that about 5,000 persons saw cancer films during the last six months. She reported traveling 2,000 miles in 74 round trips to transport patients to and from the tumor clinic, to doctors' offices and to the hospital for treatment. She reported purchase of equipment for the laboratory and for the tumor clinic. She praised the Cub Scouts for assisting in filling 689 envelopes for the Crusade.

Herter Plans To Visit West Berlin

GENEVA (AP)—U.S. Secretary of State Christian A. Herter hopes to visit West Berlin before leaving Europe, it was learned today. Herter's plane arrived today from the United States to take him home—possibly by way of Berlin—when the Big Four conference ends. He ordered the plane a week ago to be on hand because he expected the conclusion of the meeting by this weekend.

3rd Topper Steer Is Home Again

The third steer of Luther Topper, Gettysburg R. 2, was returned to the Topper barn Wednesday night after having been wandering in the area since Saturday.

Three steers owned by Topper escaped Saturday and were sighted in Gettysburg, on the battlefield and elsewhere. All three were herded to the Topper barn Tuesday evening, but one bolted and made its escape. The third was found Wednesday among a herd on the Reaser farm on the battlefield, and was finally chased into the Reaser barn and captured.

FAUBUS EDICT RULED INVALID

LITTLE ROCK, Ark. (AP)—A three-judge federal court today voided a state law under which Gov. Orval E. Faubus closed Little Rock public high schools last fall against integration.

The court added the governor's proclamation shutting down the four schools was void.

The Arkansas Supreme Court, in a 4-3 decision, recently upheld the disputed act but the three federal judges called it unconstitutional.

In the same ruling, the federal judges held invalid a companion state law which diverted public funds from the closed schools to others to which displaced pupils transferred.

The second act, the court said, was a device for depriving the Little Rock School District of funds to which it properly was entitled.

U.S. Circuit Judge John B. Sanborn of St. Paul and district judges Axel J. Beck of Elk Point, S.D., and John E. Miller of Fort Smith, Ark., held a hearing on the case here May 4.

Today's ruling was unanimous. An appeal to the U.S. Supreme Court is considered certain.

4-H Club To Work On Buffet Meals

Members of the York Springs home economics 4-H Club will work on buffet meals as their summer project. They will arrange tables and prepare food for serving at buffets, it was decided at a recent meeting at the home of Vicki Gladfelter.

Five members of the club are attending a four-day 4-H camp at Camp Tuckahoe, near Dillsburg this week, the Misses Bonnie Bowers, Susan Bricker, Vicki Gladfelter, Helen Hankey and Charlotte Leer. Four counties are represented.

To Resume Probe Of Hoffa's Union

WASHINGTON (AP)—Senate racketeers said today they now expect to start next Thursday new hearings on the affairs of James R. Hoffa and scandals in the Teamsters Union which he heads.

The new date follows a series of postponements. The hearings are scheduled to wind up more than 2½ years of investigation by a Senate committee into alleged misdeeds by Hoffa and the Teamsters. It has accused him of an alliance with racketeers and gangsters.

Committee counsel Robert F. Kennedy has predicted it will bring out a great deal of new information but has declined to spell out details. The hearings are expected to last a couple of weeks.

SHUFFLES CABINET

TOKYO (AP)—Prime Minister Nobusuke Kishi replaced most of his Cabinet today in a move to lessen dissension among rival factions of his Liberal-Democratic party.

Only party politics was involved in the change. The government is pledged to continue Japan's close ties with the West despite Socialist pressure for a neutral policy.

QUEEN, PRINCE LEAVE FOR LONG CANADIAN TOUR

LONDON (AL)—Queen Elizabeth II and Prince Philip left by jet airliner today for a 45-day tour of Canada.

Fog will force the royal party to land first at the U.S. airbase at Argentia, Nfld.

Bad weather over St. Johns, the Newfoundland capital, forced British Overseas Airways Corp. to switch the landing spot. Fog has shrouded much of the rocky coast of Newfoundland for the days.

From Argentia, the Queen, Prince Philip and their 11 attendants will make the 85-mile trip to St. Johns by car.

Delay Arrival
The shift in the landing spot postponed the Queen's arrival ceremonies at St. Johns about three hours, until late afternoon, and meant a curtailment of her first drive about St. Johns.

Canadian warships and planes were posted on the comet's flight path in the Western half of the Atlantic in case of trouble. British vessels and the Royal Air Force furnished protection along the first half of the route.

Scores of excited local officials and their wives were waiting to be presented to the monarch. Prime Minister John Diefenbaker was flying in from Ottawa. Governor General Vincent Massey, the Queen's personal representative in Canada, was coming aboard the destroyer escort Gatineau.

Nearly 200 newsmen and photographers also were on hand. The tour also marks a first in the television field. Engineers of the British Broadcasting Corp. worked out a new system for transatlantic cable relay of a brief film showing the Queen's departure from London.

Guile W. Lefever, York St., who will retire this month after more than 30 years as principal at Gettysburg High School, was honored Monday evening by the Adams School's Association at a dinner at Earle's Inn.

Twenty-one educators attended the dinner at which Charles L. Yost, Biglerville, president of the county schoolmen, assisted by Donald B. Hudson, Selon Dockey and Arthur M. Gordon recalled the many services to education and the educators' association provided by Mr. Lefever during his years as an active member of the county organization.

The group presented Lefever with a hunting rifle "in appreciation of your contribution to the schoolmen, as an officer of the schoolmen, as an officer of the group, as coordinator for the annual discussion conferences and for your services to education generally."

INTRODUCES BILL

A bill introduced in the House at Harrisburg Wednesday by Assemblyman Francis Worley would amend a 1937 election law to require that all persons except election officers, clerks, machine inspectors, overseers, watchers and persons in the course of voting, police officers or persons lawfully giving assistance to voters must remain 25 feet from polling places when voting is in progress. The act presently sets the limit at 10 feet. The effect of the bill would be to bar electioneering in that area.

"THE IMMORTAL WINDS"

Written on the air we breathe . . . are so many things . . . dramas carved in sweat and blood . . . the rise and fall of kings . . . carried through the centuries . . . brought from out the past . . . are the ages long since gone . . . things that years amassed . . . still alive in hearts of men . . . although far away . . . are the happenings of old . . . things beyond decay . . . majestic loves, horrible hates . . . that fashioned history . . . delving into present and . . . the future days to be . . . we are adding to the winds . . . things that will not die . . . touching those who will be here . . . after you and I . . . so it is we should not fail . . . to put forth our best . . . so the winds after we're gone . . . do not blow unrest.

URBAN CHURCH

(Continued From Page 1)

of metropolitan New York may be greater than the total of people in all the nation's rural zones.

And speaking of the transient trend, he added that one out of every five persons in the nation now moves "at least every year."

"Some churches are now in areas where the turnover is one out of two in a year," he pointed out. "Chicago, for example, is adding 300 persons a day. So is San Francisco. New York is gaining 600 a day, and may double its present size in another 20 years."

Direct Bearing On Church
Such trends, he said, have direct bearing on the future of churches in these cities of 50,000 and more.

When people moved from the "older" districts of the city to new developments, new people come in—people who may not attend the same church or who may be "frozen out" by the remaining members of the church.

The new groups in the neighborhood of the church may be of different race and nationalities, may be of varying economic class, he said.

Committee Report
Churches which do not reach these new people may be forced to move away—with resulting financial losses and heavy new building costs, Dr. Kloetzli observed. In Detroit, 40 Lutheran churches in the older central area of the city have sold out and gone elsewhere, he reported.

The convention's committee on urban church planning followed up his address with a full report of its 1958-59 studies and an open forum ensued.

The afternoon session Wednesday was devoted to a memorial service, addressed by Dr. Herman C. Shultz, Baltimore, Md., district vice president. It honored five district clergymen who had died the past year, including Dr. Harold C. Osterman, Pittsburgh, past district president.

Dr. Gornitzka Speaks
Lecturing the delegates Wednesday morning was Dr. A. Reuben Gornitzka, Minneapolis, Minn., who declared, "We have a sick civilization because the love of Christ and brotherly love is not at the core of our lives."

He contended also that the popular idea of a "spiritual revival" in the nation is contradicted by "what we see on TV, what we hear on radio and by what we can pick up at the newsstands these days."

Delegates went to the polls Wednesday evening in their annual district elections, results of which were to be reported today during the last full day's session. The convention closes Friday noon.

Dr. Hugo Eskildson, assistant director for administration in the division of reactor development for the Atomic Energy Commission, will be speaker at the banquet tonight at the college. He is a vice president of the ALC.

UNITED NATIONS, N. Y. (AP)—U.S. Delegate Henry Cabot Lodge sent Secretary General Dag Hammarskjöld a three-million-dollar check Wednesday for the U.N. technical assistance program. That made nine million dollars the United States has paid on its pledge of 40 per cent of all national contributions to the 1959 technical aid program.

WANT PLANES
TO HAVE GUNS
LOADED, READY

By JACK BELL

WASHINGTON (AP)—Senators set out today to make it as certain as possible that American patrol planes fly with guns loaded and in working order in the future.

Sen. Styles Bridges (R-NH) joined Sen. Lyndon B. Johnson (D-Tex.) in a demand that steps be taken to see to it that no American plane again is as defenseless as the converted Navy anti-submarine plane strafed by Communist MIG fighters over the Sea of Japan.

"Our planes should be fully armed and have their guns ready to fire if they are attacked," Bridges said. "We are going to investigate this situation and see what can be done about making certain that our men can fight back immediately if they are fired on."

At Mercy Of Attacker

Bridges, chairman of the Senate Republican Policy Committee, and Johnson, the Senate Democratic leader, are top members of the Senate Preparedness subcommittee. Johnson said this group, which he heads, will decide on the basis of a Navy Department report what course it will take in the inquiry.

Navy airmen said Wednesday

that a communications mishap and two useless gun mounts in their patrol plane had left them at the mercy of the Communist fighters when their one operative gun in the tail assembly was knocked out. The tail gunner was wounded before he could fire a shot.

Adm. Wallace M. Beakley told a Senate hearing Wednesday that all naval planes are under orders to return any attack. Beakley, deputy chief of naval operations, said the attacked plane did not return the fire because its tail guns were shot out.

Many Grounded

The Detroit Free Press reported in a Washington dispatch that the Navy has been holding its planes and ships together "with baling wire to stay within its budget."

The dispatch quoted Rear Adm. R. E. Dixon, chief of the Bureau of Aeronautics, as saying that eight per cent of the Navy's planes are grounded "for lack of spare parts."

Various congressional groups have scolded the services alternately for lacking needed parts and for having large accumulations of unused parts.

NEW ORLEANS, La. (AP)—Beulah, the season's second tropical storm, was expected to weaken today below storm intensity as more of its circulation moved into Mexico.

At 4 a.m. Beulah swirled about 50 miles east of Tampico, Mexico, with highest winds estimated at 45 miles per hour near the center.

Now Sinus Sufferers Can Drain and Clear
Nasal-Sinus Cavities With New "Hard-Core" Tablet
Just One Tablet Does the Job of 3 or 4 Ordinary Tablets!

Medical research specialists acknowledge that colds, allergies and weather changes cause pressure and pain in stuffed up nasal-sinus cavities. They know, too, that headaches, nasal drip, uncomfortable breathing and all the other sinus symptoms can be relieved by draining and clearing the nasal-sinus passages.

Now, a new tablet is available with an exclusive formula that acts instantly and continuously to drain and clear your nasal-sinus passages. One tablet, with its new "hard-core" process does the job of 3 or 4 ordinary tablets. The coated layer surrounding the "hard-core" dissolves first, placing its soothing medication in the blood canals, where it is instantly carried to the pained, pressure congested area. Congestive pressures are reduced almost immediately—and the exclusive "hard-core" process takes over. It dissolves the tablet slowly and continuously for periods of up to 8 hours, feeding soothing medication to formerly congested areas—and allows you to continue to breathe easily for extended periods of time!

This new tablet, called SYNACLEAR, is now available at—without need for a prescription. It contains not one, but a combination of the same type medically proven decongestant ingredients doctors prescribe to help shrink swollen, irritated membranes and promote drainage of nasal cavities. Buy and use SYNACLEAR Decongestant Tablets with the absolute money-back guarantee that they will relieve pained, pressure congested sinus areas, or your purchase price will be refunded by the maker.

Bigler Church Gives Contract
For Building: Members of St. Paul's Lutheran church council, Biglerville, the Rev. Henry W. Sternat pastor, at a meeting Thursday evening accepted the recommendations of its building committee, Lloyd W. Kleinfelter, Luther Lawver, O. A. Nary and Earl Carey, to award the contract for a new church school building to Luther I. Sachs, Gettysburg contractor.

The building will be one story, of brick, forty-two by forty-six feet with a basement. It will accommodate a nursery, primary, junior and intermediate departments of the church school and will contain rest rooms and a secretary's room.

A choir and vestry room will be added to the present church building. The work is to be completed by the middle of September.

E. W. Thomas Jr. To Be Secretary Of Local C. Of C.
Edmund W. Thomas Jr., son of Mr. and Mrs. E. W. Thomas, West Lincoln avenue, was elected full-time secretary for the Gettysburg Chamber of Commerce by the board of directors of that organization at a meeting Friday evening.

Thomas will begin his new duties immediately and on Monday the Chamber will open temporary offices on the second floor front of the G. C. Murphy building, Baltimore street.

Thomas will succeed Fred G. Pfeffer, Baltimore street, in the office. Pfeffer has been secretary since the Chamber was reorganized early in 1937, and will continue in the capacity of executive secretary.

Firemen's Hall Is Dedicated:
Judge Speaks: Before a crowd that filled the new Barlow firemen's hall nearly to capacity, that building was dedicated at special exercises Thursday evening.

James B. Aumen, president of the Gettysburg fire company and treasurer of the State Firemen's organization, presided over the exercises which included addresses by President Judge W. C. Sheely, Gettysburg; F. V. Topper, McSherrystown, president of the Adams County Firemen's Association; Edmund W. Thomas, president of the First National bank of Gettysburg and the Rev. Paul B. Beard, pastor of the Mt. Joy Lutheran church, who gave the dedicatory speech.

C. L. Schwartz Appointed Littlestown Postmaster:
Clarence L. Schwartz, 46, North Queen street, Littlestown, has been appointed postmaster at Littlestown by W. W. Howe, first assistant postmaster general of the United States. The Gettysburg Times learned this afternoon.

Red Cross Picks Fred Pfeffer To Lead Roll Call:
Members of the executive committee of the Adams county chapter of the American Red Cross at a meeting Thursday evening in the chapter offices in the court house approved a committee's recommendation for the selection of Fred G. Pfeffer, Baltimore street, as 1939 roll call chairman.

John Shealer Named Revenue Investigator:
The Pennsylvania Department of Revenue today named 47 persons to jobs. Among those who received appointments is John D. Shealer, of Gettysburg. He will serve as an investigator at a salary of \$1,620 per year.

Mr. Shealer said this afternoon he expects to resign as justice of the peace, a position he has held here for the last 11 years.

Accepts Call To County Charge:
The Rev. Nevin Frantz, Lancaster, has accepted a call to become pastor of the Cashtown Evangelical Reformed church and will assume his duties about July 1. Included in the charge are churches at Cashtown, Fairfield and McKnightstown.

F.H.S. Alumni Re-elect Diehl:

Today's Talk

I REMEMBER
I find myself remembering things that happened when I was a small boy easier than the multitude of things that are planted in my memory of recent years. I believe that our Creator fixed us up with memory so that we might pause in our work from time to time, and call to mind many things that we shelved long ago.

It is wonderful to bring before us, in memory, those with whom we have not talked for many years. I recall many of my teachers in high school and college. And some of the scenes seem as real as though I had greeted them in my home. Memory is so very kind.

I recall how proud I was when I had learned to harness a team of horses, and to work with a "cradle" on the steep hills of the farm where I worked for two years. My employer was a very talented man and used his gifts to the full. He was an inspiration to me, through I was but a lad of twelve years!

I have always been thankful for the opportunity of having teachers who were so helpful and kind. I had to work my way through school, but never felt bitter over the fact that my father did not have the means to pay my expenses. I enjoyed being strong and healthy. It was fun to come close to Nature on the farm, and to learn much by way of honest experience.

The attitude of today, in contrast to the time when I was young, is puzzling. Boys liked work then. I like it still! The ablest men today were once boys at humble jobs. I have always handled work happily, no matter what it was. Work is food to the soul!

Tomorrow Mr. Adams will talk on the subject: "Humility"

EXPERIENCE
It may be men have won success
By sitting down and shirking,
By dodging every sort of task
That kept a fellow working.
It may be men have reached the top
By letting trifles fret them;
I do not say they're not, but if
They have I've never met them.

It may be on the top today
Are men who hated labor;
Who envied, as they went to work,
Some rich and lazy neighbor.
But though they had no love for toil
They knew they weren't above it,
They buckled in and went to work
Although they didn't love it.

It may be there are men who loafed
Away their moments sunny,
Who dodged the tasks they had to do
And that way made their money.
I do not say this isn't so;
If you've a task, don't spurn it,
Because the only men I know
With coin have had to earn it.

Canoe, Believed Of Indian Origin, Is Found In Franklin County Creek:
Efforts are being made to identify a dugout canoe found recently imbedded in the bank of the Conococheague creek five miles south of Chambersburg, by Elmer Small, of Chambersburg. The boat, because of its construction and the position in which it was found, is believed to have been made and used before this section was colonized.

J. L. Finafrock, of Mercersburg, former superintendent of Franklin county schools and an active member of the Kittchtinny Historical Society, examined the canoe and expressed the opinion that it was the type used by Delaware Indians as a provision transport.

LINCOLN MYTHS DISPROVED BY DR. M'MURTRY

An ever-increasing mythology has sprung up around the life of Abraham Lincoln, Dr. R. Gerald M'Murtry, director of the Lincoln National Life Foundation, Fort Wayne, Ind., said today.

"Long ago the historian lost Lincoln to the mythmakers—to folklore. A rather constant Lincoln myth prevails that the 16th President sprang from an obscure family. In Abraham Lincoln's direct paternal ancestry there was a governor of the state of Massachusetts, a general in the Revolutionary War, and the attorney general in Thomas Jefferson's cabinet. One of the kinsmen of Abraham Lincoln married the daughter of Paul Revere, while another relative wrote several works on the science of botany.

"Still another myth pictures Lincoln as a consistent failure until destiny swept him 'into the presidency. Actually Lincoln was elected to the Illinois Legislature at the age of 25 and was re-elected at each biannual election thereafter for eight years. At the age of 27 he was floor leader in the legislature. At 31 he was presidential elector for Harrison, at 35 elector at large for Clay, at 39 the lone Whig congressman elected from Illinois. In 1849 he declined a tentative appointment as governor of the Oregon territory. In 1854 he was again elected to the legislature and in 1856, with no effort whatever on his part, he received 110 votes in the first national Republican convention as a nominee for the vice presidency."

Some of the other Lincoln myths which Dr. M'Murtry can disprove with documentary evidence are: The questionable paternity myth, the maternal lineage myth, the matrimony myth, the Ann Rutledge myth, the infidel myth, the slavery myth, the Booth myth and the modern debunking myths.

STOKES MARKS 25TH BIRTHDAY

CINCINNATI (AP)—Maurice Stokes, one-time St. Francis College (Pa.) and professional basketball star, marked his 26th birthday Wednesday in a Cincinnati hospital where he has lain practically immobile for more than a year.

There wasn't much of a celebration, which was understandable, but all his friends and others sent him their good wishes. Stokes was stricken with a brain injury March 15, 1958, halting his career with the Cincinnati Royals of the National Basketball Assn.

A native of Pittsburgh, he entered pro ball after starring with St. Francis of Loretto, Cambria County.

Stokes is inching toward recovery. Bu he still has a long fight ahead. He must learn to walk and talk all over again. So far he has learned to say a few simple words and has regained some movement of his limbs.

OLYMPIC HEAD DEFENDS STAND ON CHINA TEAM

PARIS (AP)—Avery Brundage, president of the International Olympic Committee, says the American people, including President Eisenhower, have the wrong idea of the committee's position in regard to Nationalist China.

Far from meddling in politics, Brundage says, the IOC is trying to stay out of politics. And instead of barring the Nationalists from the Olympic competition, it is trying to effect a compromise that will permit them to compete.

Brundage's statement was made in reply to the President's remark at a news conference Wednesday that the IOC had strayed into political fields in refusing to accept Nationalist Chinese athletes as representatives of the Republic of China.

Eisenhower Statement
Eisenhower pointed out that 45 nations recognize the Republic of China government and consider Formosa as the temporary abode of the government. Then he added:

"Frankly it seems to me that the Olympic Committee has gotten into politics rather than merely into international athletics."

The IOC, at a meeting at Munich last month, withdrew recognition of the Chinese National Olympic Committee but told the Nationalists they could be readmitted under another name. An application under the name of the Republic of China Olympic Committee was rejected on the same grounds—that the committee does not control athletics on the mainland.

This action, and Brundage, have drawn severe criticism on the grounds that the move was inspired by the communists.

The IOC has refused to accept communist claims of control over Formosa and the Munich was the logical one of refusing to recognize the authority of Formosa over the mainland, Brundage said.

CHAMP GRADES EVERY FIGHT

CHATHAM, N.J. (AP)—If Junior's report card wasn't up to snuff, don't blame the teacher. Just give thanks that Floyd Patterson wasn't grading the papers. The heavyweight champion must be the toughest marker in the world. He once gave himself only 11 per cent in one of his title defenses. In fact the highest grade he has ever handed out was 70 per cent for his effort against Archie Moore the night he won the crown.

"Before a fight you can't settle for anything lower. But after it is over I'm going to mark myself lower."

Mr. and Mrs. Earl Hoffman,
York Springs, were honored recently on the occasion of their 25th wedding anniversary at an open house at their home. Mrs. Hoffman was formerly Miss Hattie Grove, daughter of the late Mr. and Mrs. Monroe Grove, Dillsburg. Mr. Hoffman is the son of Mr. and Mrs. Robert Hoffman, York Springs. They were married June 2, 1934, by the Rev. J. Harold Little, Hanover. They have two children, Dean Hoffman, Dover R. 2, and Mrs. Jack McCauslin, Dillsburg R. 1, and two grandchildren.

DIZZY DEAN PUTS LIFE IN HIS OLD GANG

ST. LOUIS, Mo. (AP)—The fearless, brawling Gas House Gang sounded more like a group of altar boys Wednesday night until Jerome (Dizzy) Dean took the microphone.

Old Diz brought the 25th anniversary ceremonies to life and showed 16,767 fans what they have been missing all these years.

Dizzy started slowly by saying how glad he was to be back in St. Louis, "where I was, after all, a pretty fair country pitcher."

Dizzy Gives Encore
He called St. Louis fans the "greatest in the country" and offered this prediction: "There won't be any clubs moving away from this town at all... no more." This was a reference to the old St. Louis Browns.

As an encore Dean took the microphone again and stomped out the Mudcat Band tune he had

Mother, Daughter May Meet On Links

HERSHEY, Pa. (AP)—A Pittsburgh mother and her daughter may have to face each other in their bid for Pennsylvania's amateur women's golf crown.

That prospect shaped up today as Mrs. Elsie Hoke and her daughter, Diana, reached the quarterfinals of the 23rd annual tournament.

Both won second round matches Wednesday. If they win again today, the two will meet in the tournament's semifinal round Friday at the Hershey Country Club.

Diana kept in contention the hard way Wednesday, playing an extra-hole match for the second time in as many days. She defeated Alice Gray, of West Chester, in 20 holes. Diana won on the 19th Tuesday.

Her mother caught the gallery's eye with an upset of the 1957 champion, Mary Jane Martin of Pittsburgh.

made famous, "Wabash Cannonball."

Diz was through then, but he had only started the show. Pepper Martin, Rip Collins, Joe (Ducky) Medwick, and others took a turn at bat while Dizzy—now 255 pounds and white haired—fogged them in.

Re-enact Famous Scene
Medwick gave the fans a thrill by going for the left field bleachers. One of his drives made it but was barely foul.

While Medwick was in left field the famed "battle of produce row" of the seventh game of the 1934 World Series was re-enacted. A few fans tossed vegetables on the field as part of the act, and Medwick was escorted off the field. Baseball Commissioner Ford Frick—chin on hands in the manner of the late Commissioner Kenesaw Mountain Landis—ruled that Medwick would have to leave the game.

By the way, the Cardinals won the seventh game 11-0 over Detroit.

THIRD MAJOR LEAGUE HOPES FOR '61 START

NEW YORK (AP)—The chairman of the Mayor's Committee for Baseball said today the formation of a third major league will be announced between July 1 and July 15.

William Shea, who heads Mayor Robert F. Wagner's committee to bring another major league club to New York, said the league hopes to start operating in 1961.

Shea announced for the first time, the identity of the chief backers of the proposed New York member of the third league. He said they are three groups involved, headed by Mrs. Charles S. Payson of Manhasset, N. Y., Mrs. Dorothy Killam of Montreal, and Dwight F. Davis, of Southampton, N. Y. Davis is the son of the donor of tennis' international trophy.

Shea wouldn't name the other member cities of the third league. He said the backers of the clubs in these cities will identify themselves in the next few days.

Other cities reportedly in line for franchises in the new circuit include Dallas-Fort Worth, Houston, Minneapolis-St. Paul, Toronto and Denver.

Blame Milk For Illness Outbreak

PHILADELPHIA (AP)—The infection that made 108 persons ill—including many doctors and nurses—at Philadelphia General Hospital has been diagnosed as bacillary dysentery.

MILT PAPPAS
BEATS TIGERS
ON SHUTOUT

By ED WILKS
Associated Press Sports Writer

Young Milt Pappas has his first major league shutout, and he couldn't have picked a better time to nail it.

The big Baltimore right-hander, 20, dropped Detroit's Tigers 4-0 with a two-hitter Wednesday night and halted the Orioles' skid in the American League race.

Pappas, signed two years ago off the Detroit sandler, struck out six and didn't walk a man. He had a perfect game going until Lew Berberet got the first of the Tigers' two singles with two out in the fifth inning. The other hit, in the sixth, was by Jim Bunning, who allowed only four Baltimore hits and had a perfect game for 4 1-3 innings. But he lost for the third time in his last four decisions.

Retired 11 In Row
Pappas retired the last 11 men in a row while gaining a 6-3 record.

That left the fourth-place Birds, who have lost five of seven since tying for first last week, 3 1/2 games behind Cleveland's league-leading Indians, whose game at Boston was postponed because of cold weather. The loss barred the Tigers, who had won three straight, from a second-place tie with the Chicago White Sox, beaten 7-3 at New York Wednesday.

The Orioles, who had lost three straight, broke through Bunning's perfect spell when Gus Triandos and Chico Carrasquel hit solo home runs in the fifth inning. A single by Al Piliarek, Gene Woodling's triple, and an error produced the other two Oriole runs in the seventh.

Yanks Win Again
The fifth place Yankees returned to .500 with their second straight over the White Sox. Mickey Vernon's 14th homer, a two-run wallop into the third deck in right field at Yankee Stadium, capped a wrap-up, five-run second inning against loser Ray Moore (1-5). Bob Turley (6-7) made it six straight over the White Sox since August, 1956, but needed Ryne Duren's relief over the last 2-3 innings.

Turley, who has been suspected of having a "dead arm" by Manager Casey Stengel, struck out six in the first two innings but then tired quickly.

Camilo Pascual (5-7), who had lost three in a row and hadn't won since May 27 despite five consecutive complete games, handed the A's their fourth consecutive loss with an eight-hitter. He fanned eight and was backed by two-run homers from Rookie Bob Allison and Reno Bertoia. It boosted the Senators' AL leading total to 80. Ned Garver (5-5) lost it.

Fairfield Lions League
Mummsburg broke into the victory column for the first time in the Fairfield Lions League Wednesday evening by nipping Cashtown 7-6 on the winner's field.

With the score tied 1-1, Cashtown tallied five runs in the top of the fourth inning only to have Mummsburg roar back with six runs in its half of the same inning to snatch victory.

B. Thomas led the winners with three hits.

The Fairfield Amvets pulled into a tie for second place by topping Fairfield 5-2.

Littlestown Little League
The Yankees evened their Littlestown Little League record at 2-2 by edging the Pirates in a free-scoring game Wednesday evening 10-8. Stites pitched for the winners while Lehigh hurled for the losers.

Upper Adams Pony League
The unbeaten York Springs Giants won their third straight in the Upper Adams Pony League by topping the Dodgers 9-6 at New Oxford Wednesday evening in a makeup of a previously rained out game.

Score by innings:
000 304 2-9
Dodgers 202 010 1-6
Batteries: Giants, Rechart, Duncan and Topper; Dodgers, Sterner, Bobb and Stambaugh.

BASEBALL
BRAVES HOLD
SLIM EDGE
AFTER LOSING
2 TO DODGERS

By ED WILKS
Associated Press Sports Writer

What's with the Milwaukee Braves? They've lost 10 of their last 15 and have been shut out three times in the last five games. Is this the beginning of the end to their hold on the National League pennant? Or is this just another of those slumps, such as they had and shrugged off while winning the flag the past two years.

Either way, they have only a half-game edge left from what was a bulging, 4 1/2-game lead a month ago after dropping a two-night doubleheader at Los Angeles Wednesday night. They were checked on five hits by lefthander Sandy Koufax while losing the opener 10-2, then were blanked on two hits by Danny McDevitt, another lefty, as the Dodgers took the second game 4-0.

Bunch Closing In
That put second place San Francisco, a 7-5 winner over Cincinnati, just one game behind in the "lost" column and within .009 percentage points of the champs. The sweep hoisted the Dodgers into fourth place, one percentage point behind Pittsburgh after the Pirates' 5-2 loss to the Chicago Cubs. Both the Dodgers and Bucs are only 2 1/2 games from the top.

St. Louis whipped Philadelphia 10-4 in the other NL game. They've lost behind their best pitchers in this present skid, with Lew Burdette dropping two, Bob Rush three and Bob Buhl one. In Wednesday night's opener, southpaw ace Warren Spahn failed to finish a five-run first inning for his third defeat in his last four decisions.

Logan Homers
The Braves, getting a first game home run from Johnny Logan against Koufax (3-1), who gained his first complete game while beating Milwaukee a second time this year, had only a pair of singles by Hank Aaron in the nightcap. McDevitt (5-6), walked three, struck out two.

Los Angeles broke through a two-hit shutout by Joey Jay (2-5) in the seventh of a bases-loaded walk and an infield out, then added two in the eighth off Bob Trowbridge on a single by Don DeMeteter and Gil Hodges' double.

The Giants broke a 2-2 tie with five runs in the sixth against Orlando Pena (3-5) on three singles: one a two-run smack by Willie Kirkland, three walks and an error.

9 Of 11 For Cards
Cal Neeman, who singled and scored the tying run in the seventh for the Cubs, hit a three-run, inside-the-park homer in the eighth to beat Pirate southpaw Harvey Haddix (4-5), who has lost four to Chicago. Bill Henry (5-3) won it in relief.

The Cards made it 9 out of 11 with Ray Jablonski and Bill White each driving in three runs. A five-run fifth put it away against reliever Humberto Robinson (1-1) while lefty Marshall Bridges held the Phils to five hits and one run for a winning, 5-1-3-inning relief job in his major league debut.

Fairfield Little League
The Cardinals remained undefeated in the Fairfield Little League as they spanked the Braves 16-6, Wednesday evening in Fairfield.

The Cardinals went on a hitting spree, belting 21 safeties including seven doubles and two triples. Jeff Weikert and Bob Kessel accounted for the three baggers. Barry Reecher had a perfect night at the plate with four for four. Kessel and Roger Kuykendall added three hits for five trips to the plate. Mike Wyatt was the Braves' top hitter with two for three including a double and two runs scored.

Reecher and Barry Fitz tossed for the winners while Steve Robert and Dennis McLaughlin divided the mound duty for the Braves.

TITLE GAME TONIGHT
OMAHA (AP)—Oklahoma State and Arizona meet tonight in the championship game of the NCAA college baseball world series with each seeking a first title. Oklahoma State moved into the championship round via a 4-0 win over Fresno State Wednesday night.

Both Arizona and Oklahoma State have won three and lost one in the double elimination tourney.

Membership in U. S. and Canadian Blue Cross Plans totaled 55,404,414 persons at the end of 1958.

Gettysburg
Little League

The league-leading Lions of the Gettysburg Little League dropped their first game of the season Wednesday evening after winning six straight. The Glenn L. Bream "Yankees," under Managers Bob Weikert and Bob Signor, walloped the first place out to 15-4 in an exceptionally fine exhibition of hitting.

The Breammen started right off in the initial frame and didn't let up until the last out. The winners got to ace hurler Bill Eden by blasting five hits and six runs in the first frame. The league's top winner, Eddie Tilberg, then came in to pitch for the Lions and over a three-inning span the garage-men collected three more hits and the same number of runs.

Ronnie Newman then went to the mound in the fifth and the Yankees came up with six runs on two hits. It was the first time Newman had been called upon this season.

The success story can be told in one term, "team work." The fielding was at its best behind the fine tossing of Charlie Schleicher. Ronnie Redding, one of the league's top basemen, got on base twice and kept running. Schleicher helped his own cause by belting a pair of doubles, a single, and scored once. Dave Knox and Mike Herring also collected a pair of safeties.

Mike Boyer, Lions' third sacker, was the big man for the league leaders as he hit a pair of singles and in the final frame blasted a home run into the deep right field corner scoring two runs. Bill Eden also batted out a pair of hits.

WYNN IS USING
KNUCKLER WITH
GOOD RESULTS

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Hoyt Wilhelm may own the best knuckler ball in the business but he doesn't have a copyright on the baffling pitch. The knuckler has made Early Wynn a top flight pitcher again.

"Yeah," grinned the Chicago White Sox veteran, "I've been feeding the boys a little bit of the old knuckler this year. For years they've been accusing me of throwing it when I didn't even know how to hold it. So this year I figured I might as well throw it."

Wynn, primarily a fast ball pitcher with a sharp curve and a good slider, adopted a new pitch for obvious reasons. Winner of 20 or more games for three successive seasons, the 39-year-old right-hander slumped to 14 victories in each of the 197 and 1958 seasons.

Requires Less Effort
"There was a time when my fast ball and curve were good enough," Wynn said, "but my kid myself. I can't throw as hard as I did six, seven years ago. And I get tired quicker. I find that you can throw the knuckler with a little more effort and no strain. Also the new pitch makes the fast ball more effective . . . when I use it."

Unlike Wilhelm, who employs the knuckler 85 per cent of the time, Wynn says he throws it about 12 to 20 times a game.

Wynn currently is tied with Wilhelm for the most victories in the league. Each has nine. The Chicago owns the most lifetime victories among all active pitchers in the majors with 258.

Big League
Swope's Aero kept up its fast pace in the Big League Wednesday evening by downing the VFW 6-2 on the college field. Each team scored two unearned runs.

The Aero team wrapped up the decision with four runs in the fifth inning when two VFW errors contributed much to the scoring. Darkness halted the game after five innings.

The victory was the fourth in as many starts for Aero while the setback leveled the VFW record at 2-2.

Weather Factor In
Canadian Open

MONTREAL (AP)—The weather and the condition of the Islesmere course appeared to be two big factors to consider today as a 149-man field, including Bill Casper the newly-crowned U. S. Open champion, began play in the Canadian Open Golf Championship. Fresh from the U.S. Open, played in changeable weather, the touring pros had been expecting to give shorter Islesmers a licking. They changed their tune after a couple of days of practice over the 6,695-yard, par 36-36-72 layout.

Eastern League

By THE ASSOCIATED PRESS
It looks like Williamsport might be pulling away from Allentown in the Eastern League pennant race.

The Grays, with Art Mahaffey posting his eighth straight victory without a loss, edged the Red Sox 4-2 Wednesday night. The two teams, after jockeying for first place most of the season, are now 2 1/2 games apart, with Allentown on the short end. The teams play again tonight.

Ron Cote of Allentown, setting down the first 18 batters in a row, went into the seventh inning with a 2-0 edge. But Tony Curry doubled to lead off the inning. Then Fred Van Dusen homered to tie the score. Jack Davis followed with another roundtripper which put the Grays ahead to stay.

The loss was Cote's second in seven decisions.

Lancaster's Red Roses looked a lot better than their seventh place standing as they beat the Binghamton Triplets 1-0 and 7-4 in a twin bill to snap a four-game losing streak.

TURMOIL MARS
RACING SCENE
AT HOLLYWOOD

By BOB MYERS
Associated Press Sports Writer

INGLEWOOD, Calif. (AP)—Turmoil was the word for racing at Hollywood Park today—most of it over two stars of the meeting, Kentucky Derby winner Tomy Lee and stakes winner Hillsdale.

Owner Fred Turner, Jr., of Texas took Tomy Lee temporarily out of racing in his anger at Willie Shoemaker's agent, Harry Silbert. And Trainer Maty Fallon declared flatly Hillsdale would not race in the \$50,000 added Inglewood Handicap Saturday because of the high weight of 132 pounds handed his four-year-old bay colt. And Hillsdale may skip out and race elsewhere.

Out For Summer
Turner, the fiery oil and cattle baron from Midland, Tex., announced that Tomy Lee would not race any more this summer and that he will get out of the game to the extent of selling 14 other horses in his stable at auction July 13.

Plans Indefinite
Turner was still boiling over the fact that Shoemaker did not ride Tomy Lee in the \$50,000 added Cinema Handicap last Saturday but was booked instead by Silbert to ride Sword Dancer in the \$100,000 added Belmont Stakes.

Sword Dancer won the Belmont and Tomy Lee, with jockey Don Pierce aboard, ran sixth in the Cinema.

Turner said plans for Tomy Lee are indefinite.

"I leave with no hard feelings toward jockey Bill Shoemaker, who I think is one of the finest riders in the world, but I do not like the manner in which his agent, Harry Silbert, gave me his word that Shoemaker would ride Tomy Lee and then put 'Shoe' on another horse."

Neither Shoemaker nor Pierce, whom Turner absolved from any blame for Tomy Lee's poor race, cared to comment.

Fallon Furious
Silbert reiterated that his only verbal promise to Turner was that Shoemaker would ride Tomy Lee in the Hollywood Derby and later, the Arlington Classic at Chicago.

Fallon, who said he was backed up by his boss, C.W. Smith, was furious at the 132 pounds handed Hillsdale for the Saturday feature.

"What do they think I am, an idiot?" Fallon declared. "After 30 years around a race track I won't take this."

Eisenhower Puzzles Soviets With Stand On Geneva Talks

WASHINGTON (AP)—Bouncy Soviet Premier Nikita Khrushchev may have had President Eisenhower guessing what's on his mind. Now Eisenhower probably has Khrushchev a little puzzled, too.

That's because Eisenhower seemed to be agreeing with the Russian on one point, but not quite, and softening Wednesday what he said two weeks ago but, as it turned out, not quite.

It all started months ago when Khrushchev made a threat: either the Allies get their troops out of Berlin or he would turn over to the East German Communists control of the ground, air, and rail routes leading to Berlin.

Would Pressure Allies
This would put the Allies in a pickle. They refuse to recognize the German Reds as the lawful government of East Germany. But if the Communists shut off their supplies to East Berlin, they'd have to deal with them or fight.

And dealing with them would be a form of recognition. At the same time Khrushchev called on Eisenhower to meet him at a summit conference where all kinds of things could be discussed. That would include Berlin.

Eisenhower said nothing doing unless, first, the Soviet and Western foreign ministers met and, second, they showed some progress.

Ministers Are Errand Boys
Khrushchev reluctantly agreed to the foreign ministers' meeting but low-rated its importance. He argued only the top men make decisions. Therefore, the ministers are errand boys. So, he claimed, a foreign ministers' meeting just wastes time.

The ministers met and made no progress. At his June 3 news conference, Eisenhower seemed to agree with Khrushchev that the ministers are only transmission belts for the top men.

"These foreign ministers are, after all, acting for someone else... and these matters (such as Berlin) have to be brought back and studied carefully," Eisenhower said.

Flexible Viewpoint
But he seemed to attach much more importance to the ministers at his news conference Wednesday. He said they are "people who go to conferences clothed with a great deal of authority."

Next he appeared to be leaning a bit toward Khrushchev's view. He pointed out the ministers, every night after their day's session at Geneva, have to communicate with their governments back home.

He said they provide "the mechanism... through which (agreements) are supposed to be obtained."

But then he parted company with Khrushchev, if he ever was in his company, by refusing to agree to any assumption the ministers' meetings are useless. He implied that unless they prepared the ground for a summit meeting, there was no sense in holding one.

But it was on another point—Berlin itself—that Eisenhower may have left Khrushchev scratching his head.

At his June 3 news conference Eisenhower emphasized that the Russians had created the Berlin crisis and then called for a summit meeting to settle it.

Berlin Problem
Before there is a summit meeting, Eisenhower continued, the Russians should agree the Allies can stay in Berlin until the whole problem of German unification is settled. In effect, since it won't be settled for a long time, this meant indefinitely.

He didn't flatly say this had to be done before he'd go to a summit meeting.

Asked if this is what he meant, he said: "I don't see how the head of any self-respecting government can go to an international conference in response to any kind of thing that can be called a threat."

Reminded Of Statement
He meant the Soviet threat to the West: Get out of Berlin, or we'll let the East Germans take over.

At his news conference Eisenhower was reminded of that June 3 statement. He was asked if Soviet failure to withdraw its threat about Berlin meant he could not go to a summit meeting on other things.

Eisenhower's reply seemed to imply he was softening his position about agreement on Berlin being a precondition to a summit meeting. He said he had just tied in his June 3 statement about Berlin as an example of progress.

Reasonable Progress
He added: "If there is any kind of reasonable progress that justifies a summit meeting, why of course I would never decline the opportunity to go."

But after the news conference Eisenhower's press secretary, James C. Hagerty, talked with reporters.

"Even though the President didn't specifically repeat that (June 3) statement, that is still just where he stands," Hagerty said. "He won't go to any summit conference under any threat regarding Berlin."

Jet Crashes And Two Flyers Die

SELMA, Ala. (AP)—A T33 jet trainer plane from Greenville Air Force Base, Miss., crashed Wednesday night, killing two flyers.

Officials at nearby Craig Air Force Base, where the plane had refueled and started back to the Mississippi base, said the jet crashed two miles from the airfield runway.

The victims were an instructor and a student pilot. Greenville Air Force Base identified the dead as Capt. Douglas R. Tiffany, 36, of Boyne City, Mich., and aviation cadet Victor L. Shultz, 22, of (Rt. 1) Catawissa, Pa.

ASSEMBLYMEN AT ODDS OVER PA. REVENUES

HARRISBURG (AP)—House Republicans and Democrats were at odds today on revenue estimates for the next two years—an important factor in determining just how much new tax money must be raised by the Legislature.

Rep. Albert W. Johnson, Republican floor leader, said Gov. Lawrence has underestimated the yield from existing taxes in the next two years by from 40 to 50 million dollars.

This, together with cutting back the estimated deficit by 19 million and chopping the governor's budget by 60 millions, can reduce the need for new taxes to less than 100 million dollars, he said.

Artificial Figures
But his Democratic opposite number Rep. Stephen McCann, took issue in a separate interview with Johnson's figures.

"We will not accept revenue estimates that will prove to be a farce and cause another deficit two years from now," McCann said.

He said artificially increased revenue estimates in other years always have resulted in the Legislature faced with the problems of financing deficits.

Sparring Match
The give-and-take on revenue estimates was a sparring match serving as a prelude to a joint House-Senate conference in the next two or three weeks to arrive at precise budget figures.

The governor himself already has said he would not be a party to artificial revenue estimates, an

expedient often used by the legislature to force a balanced budget after the problem of increasing taxes becomes too rugged.

Lawrence says 207 million dollars in additional taxes must be enacted to balance his proposed \$1,870,000,000 budget, more than double the figure now offered by Johnson.

Watch Your Language
Other legislative developments before the House adjourned Wednesday until next Monday:

Telephone manners—The House passed 190-0 a bill to make it a misdemeanor to use lewd, lascivious or indecent language on the telephone. The measure went to the Senate.

Legal holiday—The House defeated a proposal to make Monday the legal day for observing Lincoln's Birthday, Washington's Birthday Memorial Day, Flag Day, Columbus Day and Veterans' Day.

Backers had offered the Monday holiday idea as a way of providing long weekends.

Fine's Pardon
Investigation—A resolution was submitted by Rep. Thomas D. McCormack (D-Phila.) to set up a special committee to investigate the pardon given an alleged Pittsburgh racketeer by former Gov. John S. Fine in 1954.

Fine backdated the pardon, an action which in effect stopped a government deportation proceeding against John LaRocca. The resolution went to committee for study.

Constitutional amendments—House committees gave approval to proposed constitutional amendments to allow 18-year-olds to vote and to permit a governor to succeed himself.

The present minimum voting age is 21. Governors may not be elected to a second term although two chief executives—Robert E.

SEEK YOUTH IN STABBING OF HS TEACHER

SAN FRANCISCO (AP)—Police hunted today for a knife-wielding youth in the slaying of a high school teacher whose body was found in a motel room.

A maid found the body Wednesday of Joseph Mazeskie, 31, who came to California from Phoenixville, Pa., and taught the past school year at Sanger Union High near Fresno, 150 miles southeast of San Francisco.

Mazeskie had been stabbed once in the chest and four times in the back. The word "Mafia" was printed in soap on a mirror, but police discounted any connection with the underworld organization.

Car Not Taken
Later he viewed the body and said the man who bought the knife was not Mazeskie.

The mid-mannered teacher had said he was coming to San Francisco "to do some serious writing." He registered at the motel Monday night, listing the Phoenixville address of his mother, Mrs. Agnes Mazeskie, 318 Walnut St.

Although his keys were missing, his car was still in its motel stall.

Check On Boy
In Phoenixville, a check of records at the senior high school showed that a Joseph W. Mazeskie graduated in June, 1946, ranked 43rd in a class of 144.

Mazeskie was born in Shamokin, Pa. He came to Phoenixville in 1943.

A high school official said Mazeskie reportedly entered a course of nursing for men in Philadelphia after graduation. His mother could not be reached. The telephone at her home was not answered.

Samuel Johnson observed that "morose men hate the cheerful."

It was more likely a case of murder for money. Mazeskie's wallet, wrist watch and car keys were missing. His leather suitcase had been slashed open and articles it contained were strewn across the bed. Mazeskie was reported to have had \$874 when he left Sanger for San Francisco.

McDonald said two glasses that had contained whiskey and two small bottles of mix were in the room.

Wanted for questioning was a young man who bought a 10-inch butcher knife at a store across the street from the motel on market street Tuesday evening. The store owner, Sam Zipkin, said he thought he saw the same man enter the motel.

Inspector Ralph McDonald said Pattison and Gifford Pinchot—served a second time after intervening periods.

Defends Sources
Taxes—Johnson said his figures on revenue estimates came from three reputable sources.

Under the law, only the estimates made by the revenue secretary are official. Lawrence has said those are the figures he has been using.

House and Senate Republican leaders plan a meeting Sunday night to reach what might be a final figure on budget cuts.

Their tentative figure of between 40 and 60 million dollars are in sharp contrast to the 12 million dollars in budget cuts recommended by the Democratic-controlled House Appropriations Committee.

Has Complications Fighting This Fire

LOS ANGELES (AP)—Police-man Kenneth Shipp had the doggedest time fighting a grass fire Wednesday.

He hastily reported the blaze after spotting it heading for a large wooden house. In the backyard, he found about 50 dogs in kennels. He freed them and heaved each one over the fence to safety.

Then Shipp found the house full of dogs in kennels. More than 100, he estimated. It took him 15 minutes to empty the building.

After the fire was out, Shipp rounded up all the dogs. He never did learn the name of the kennel owner. Didn't have time.

Human Body Now Is Worth \$1.17

BROWNSVILLE, Tex. (AP)—Inflation has finally caught up. For years scientists have estimated the value of the chemical contents of the human body at 96 cents.

But on the basis of present day prices, the value has now gone up \$1.17, says Tom Keller, instructor in chemistry at Texas Southmost College.

King's Message To Come By Phone

KANSAS CITY, Mo. (AP)—King Paul of Greece will address—by telephone—the 1,000 delegates to the national convention of the Pan-Arcadian Federation of America June 29. The speech will be carried by radio telephone from Athens through Rome to London, then by transatlantic cable to New York and over long distance lines to Kansas City.

New System For Identifications

LOS ANGELES (AP) — The sheriff's office here has a new identification system it describes as the greatest help to law enforcement since fingerprints.

Sheriff Peter Pitchess said his men now can assemble in about 20 minutes the likeness of a criminal suspect drawn from descriptions of witnesses.

The system is based on a device called Identi-Kit in which the suspect's image emerges by use of overlaying transparent films. Each of the films bears a line drawing of a coded facial characteristic. A total of 62 billion facial combinations are possible by using the 500 transparent films.

The system was developed after 16 years research by the department's chief, Hugh C. McDonald.

105 YESTERDAY
STARKS, Maine (AP)—Barlow D. Nichols treated Wednesday like any other day, but his family noted it was his 105th birthday. The family said he isn't allowed much excitement now, in contrast to his life when he was a cook for the mule trains supplying the gold fields in the Dakotas in the 1870s.

GMC RESTS ITS CASE; FAULTY GEAR DENIED

WILLIAMSPORT, Pa. (AP)—Defense counsel for the General Motors Corp. Wednesday rested their case in a U.S. District Court trial stemming from a fatal automobile accident in 1956.

John L. Pipa Jr., Shamokin attorney, is seeking \$350,000 damages from GM in a suit contending that a faulty steering mechanism caused the automobile crash that killed his son, John L. Pipa IV, near Bloomsburg Feb. 4, 1956.

A Wilkes-Barre mechanic and a Shamokin insurance adjuster testified before the defense completed its presentation Wednesday in the two-week-old trial.

Samuel Patner, Trucksville, service manager for Motor Twins Inc., Wilkes-Barre, said that markings on the steering gear would not interfere with the function of the steering unit.

He said he examined the parts two weeks ago and found them "abnormal," but not to a dangerous extent.

Warren A. Wilson, Shamokin insurance adjuster, testified that on March 1956 he took a statement from Elmer Albertini, Shamokin auto dealer who sold the car to Pipa.

Wilson said Albertini said in the statement that nothing was wrong with the car at the time it was brought in after the accident.

Lawrence Elected To Pitt Trustees

PITTSBURGH (AP)—Gov. Lawrence has been elected to the University of Pittsburgh board of trustees to succeed former Gov. Leader, the university announced Wednesday.

Lawrence had been an ex-officio member of the board during his terms as mayor of Pittsburgh.

Also elected a trustee was Emil Narick, assistant general counsel for the United Steelworkers.

ORRTANNA — Next Sunday the Methodist Sunday School will be held as usual at 9:30 a.m. There will be no church services as the pastor, the Rev. N. L. Marden, will be attending the annual conference being held this week from Wednesday through Sunday at Williamsport.

Baptism at the Methodist Church Sunday morning was administered by the pastor to Jan Marie, infant daughter of Mr. and Mrs. Earl White, and to Melanie Ann, infant daughter of Mr. and Mrs. Edward Fox.

Mr. and Mrs. Paul Snyder and daughter, Karen, Sugar Creek, Ohio, are spending some time at the home of her parents, Mr. and Mrs. Howard Musselman.

Mr. and Mrs. John Shultz, Fairfield, and her parents, Mr. and Mrs. R. M. King, were guests of Mrs. King's cousins, Mr. and Mrs. Frank Brown and Mr. and Mrs. William Bonsal at Asbury Park, N. J., Sunday and Sunday night.

Gene Macey has returned to his home in Wilkesboro, N. C., after being employed here for six weeks. While here he stayed with Mr. and Mrs. Tracy Wyatt and family.

The Margaret Donaldson Bible Class held its meeting on Wednesday evening at the home of the secretary, Mrs. Lowell Cease. The meeting opened with prayer by the president, Mrs. Ruth Donaldson, and scripture reading by Mrs. Cease. There was a reading by Mrs. Mary Tressler entitled "The Bloom of the White Magnolia," and by Mrs. Cease on "Bread of Life." The second and third chapters of St. Luke were studied. The guess box was won by Mrs. Ruth Spence who will be hostess at her home the next meeting July 8.

Fifty-nine attended the Tuesday session of the Mt. Carmel EUB Bible School when these changes and additions to the staff were announced: Mrs. Robert Shindler as director of music; Mrs. Allen Currens to assist Mrs. George Haines with the sixth and seventh grade juniors; and Mrs. John Baker to assist Mrs. Clyde Metz with the second and

fourth graders. County Treasurer Clark E. Spence and Mrs. Spence returned

on Saturday from Bedford where they attended the state treasurer's convention.

Mrs. Mabert Dickey returned to Washington, D. C., after spending the weekend with her father, C.

U. Spence. Mr. and Mrs. Clark E. Spence visited recently with Mr. and Mrs.

John Loucks in Carlisle. Donna Yohe, Sandra Spence and Dorothy Sharrah are attending

the Scout day camp being held at Camp Happy Valley, near Fairfield, this week.

Tons Of Fine Food Will Be Served 8,500 Girl Scouts, 1,500 Adults At Roundup

The food is ready and the tables are set for 10,000 hungry campers.

Sounds simple, but there's a big story behind the 327,000 meals to be consumed by the 8,500 teenage Girl Scouts, and 1,500 adults attending the 1959 Girl Scout Senior Roundup. The international encampment, set for July 3-12 on a site ten miles north of Colorado Springs, Colorado, will include 14-17 year old representatives from all parts of the United States, Canada and 26 other countries. Eight local Girl Scouts and two leaders will attend the Roundup. They will leave here June 29.

Chow time will see 1,000 fires burning simultaneously on the 1,200 acre camp area as the girls in each patrol group of eight cook for themselves and one adult. Patrols will be responsible for picking up their own provisions three times daily from one of the six centrally located commissaries, each of which will have four 150 cubic foot electric refrigerators for storing fresh, frozen and perishable food stuffs.

Have Snack Bars
Girl Scout staff not assigned to patrols will eat the same fare as the girls in a cafeteria tent. And the visiting public may patronize the snack bar in the camp's reception area.

Because food plays such a vital role in the life of active teenagers, Roundup menus offer high nutritional value, as well as a variety of tastes; the meals are well-balanced, and can be cooked with a minimum of time and preparation on charcoal burners.

Considerable food for through has gone into the Roundup menu planning and purchasing. High quality was a prime requisite in this quantity marketing. Selective purchasing by the administrative staff and the generous donations of food and supplies by 30 nationally-known companies guaranteed these high standards. A list of donors is attached.

A glance at one day's menus reveals the wide variety of fare to be served. All breakfasts include fruit or fruit juice, cereal, and milk or cocoa. In addition to these essentials, flapjacks, scrambled eggs and bacon, or Danish pastry are typical main fare offered at the day's first meal. Besides, milk, or cocoa, adults are offered tea or coffee.

Luncheons feature soups, salads or sandwiches. Tasty fillings might range from corned beef and pickle relish to spiced meat loaf — and campers are usually offered a choice of two. Sample salads include sardines and hard boiled eggs on lettuce, fruit salad, or cabbage slaw with carrots and raisins. Cookies, ice cream, layer cake, or other flavorful desserts are served with milk at lunch time.

Meat Or Fish
Hot meals, noted on the menu at least once a day, are generally enjoyed in the evening. Meat or fish is a dinner-time "must." Typical entrees list lamb chops, cube steak, broiler-fryers, and "underwater meat" — sardines, tuna fish and a variety of frozen fish — all of which are served with vegetables, salad, bread, dessert and milk. After each evening's program, a light snack of fresh fruit or cookies and fruit beverage is served before the Girl Scouts call it a day.

A breakdown of some food

statistics indicates the immensity of the Roundup feeding operation. For example, approximately 57,000 pounds of meat, fish and chicken will be consumed during the encampment. Other quantity items include an estimated consumption of 34,300 loaves of bread, and more than 65,000 rolls. And for those who like their "staff of life" fancy, there'll be an ample supply of various jellies and jams totaling nearly 222,800 servings.

The butter and egg man will be a frequent Roundup visitor where he will deliver more than 3½ tons of fresh butter, and about 70,000 eggs. Milk — at least a quart per person daily — will account for more than 339,000 individual glasses, with nearly 37,000 additional servings of chocolate milk. And for cooking purposes (puddings, cereals, etc.) there will be 32,000 quarts used. Seven different soups, comprising 70,000 servings, will help

supply the extra energy needed for the day's planned activities. Some of the other vital ingredients are: 15 tons of fruit, 3

tons of sugar, 1½ tons of salt, about ¼ ton of catsup, 7½ tons of paper bags, ¼ ton of pickle relish, 1½ tons of corn oil, nearly

800,000 plastic coated paper items, including cups, plates and dishes, and almost 500,000 paper napkins. If it were possible to stack even

a part of the Roundup food supplies in one spot, the resulting man-made mountain might easily rival some of the more notable

worthy tourist attractions in the Centennial State. But put together for appealing outdoor cookery, these foodstuffs promise "good

eating" for the 10,000 sharing Roundup's 10 activity-packed days.

BARDOT WEDS HER CO-STAR

PARIS (AP) — Brigitte Bardot and Jacques Charrier were married at the town hall of suburban Louveciennes this morning by a nervous mayor.

The ceremony was almost an anticlimax in the complicated scenario the couple had improvised in their effort for secrecy.

Charrier said Tuesday they had already been married. Anne-Marie Bardot, Brigitte's mother, confirmed that Wednesday. But she refused to be specific about where or when the ceremony had been a record of the event.

She previously was married to director Roger Vadim and only recently broke her engagement to guitar player Sacha Distel.

Brigitte and Jacques calmly said "ouais," but Mayor Fernand Guillaume muffed his lines. The couple broke out into giggles.

YOUR CAR PROVIDES KEY TO
NEW YORK CITY AND
ENVIRONS

(By EDWARD COLLIER)

Geography books to the contrary, New York is not a city but rather a collection of neighborhoods. The tourist who gets the most out of a New York stay is the one who explores those neighborhoods and samples their local delights. Whether yours is a once-in-a-lifetime look or repeated return trips, map out each day to adventure a bit beyond the usual tourist haunts.

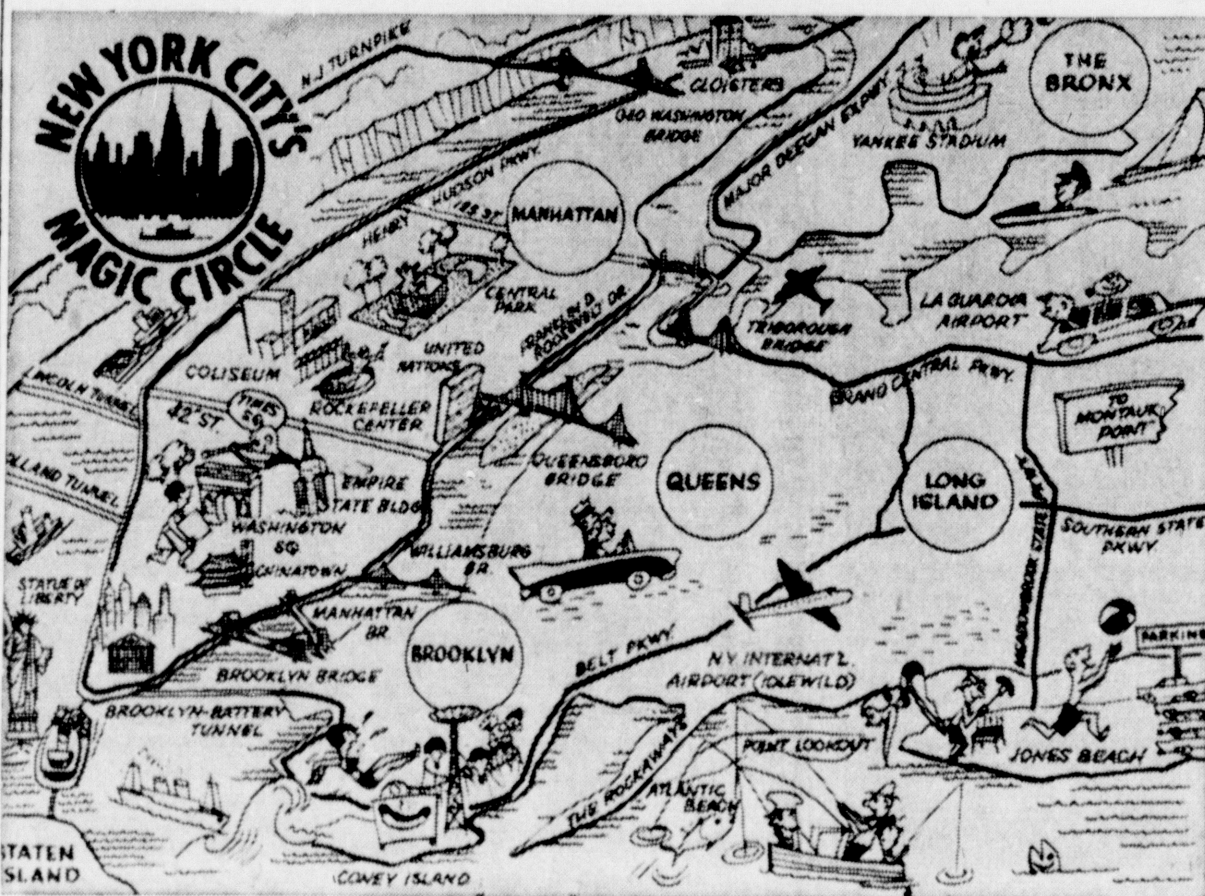

Rock-bedded Manhattan, encircled by harbor waters, provides a Magic Circle of sight-seeing wonders. The Island itself is the radial point for many bridges and tunnels. The majority of tourists catch their first glimpse of the city's famed skyline from the George Washington Bridge spanning the Hudson, from the Henry Hudson Bridge at Spuyten Duyvil, from the deck of Staten Island's car-carrying ferries, or

from the graceful curving roadway of the Triborough Bridge. Other tourists approach via the Lincoln Tunnel or Holland Tunnel, both of them twin-tubed to provide easy access for the thousands of motoring visitors who head for the "Big City."

Many "Must Sees"

Manhattan Island has numerous "must-sees"; these are world renowned, and you just haven't seen New York until you've toured them: the United Nations Building whose 5,400 glass windows reflect the East River and nearby 42nd Street; the Empire State Building (still the world's tallest); Rockefeller Plaza, springtimes ablaze with blooms, summer days cooled by flashing fountains, and in winter a kaleidoscope of skaters. There's matchless Radio City, star-studded attractions at Hayden Planetarium and the nearby Museum of Natural History and the Metropolitan Museum of Art.

Manhattan Island's 12-mile length is breathtaking in the variety it offers visitors. Near the northern tip of the Island is the secluded and tree-shaded Cloister with its wealth of medieval architecture, tapestries and sculpture. Southernmost tip of the Island is the sunny shorefront Battery Park where camera-bearing visitors wait for the boat to the Statue of Liberty. Between the two Island tips, miles of city streets, parks, shops, restaurants and businesses cater to the interests

Manhattan Island offers a superlative Magic Circle of vacation variety. Broad-laned drives around the island's perimeter give a harbor-side view of waterway traffic, historic bridges and skyscraper ramparts that leave the first-time visitor with a sense of awe. For a leisurely circuit of New York's most renowned sights, include tours of the United Nations, the Empire State Observation Tower, Rockefeller Plaza, Chinatown, the nearby Statue of Liberty, Times Square and the theatrical district's Great White Way. Visit Greenwich Village, Central Park and just as many of the city's fabulous museums as your interests dictate. But leave time to motor to nearby Coney Island, stop off at both airports and spend some time at Jones Beach State Park, unique in the beauty of its fine white sand beach.

of both resident and visitor. Walking or driving, you'll surely cover several miles of Broadway's full-island length. The "Great White Way" and Times Square have become symbolic of the city's dazzling theatrical and entertainment offerings. If your trip to New York won't seem complete without attending a major Broadway attraction, it's worth a bit of advance planning to secure your tickets. Writing to the box office two to four months ahead will often assure success.

Village "Finds"

Most tourist treasures, however, are spur-of-the-moment happenings and neighborhood "finds." Wandering is very much in order in Greenwich Village (pronounce Gren-ich, please). Just a block away from Washington Square Arch (as well known as Paris' Arc de Triomphe), the Village is small-town in the warmth and friendliness of those who use its twisting, winding little streets and who live and work in the tiny brick dwellings, many dating back to Colonial times. Outdoor art exhibits attract the summertime visitor; in chillier weather, you'll be persuaded to enter the small shops to book-browse or watch silversmiths fashion domestic bits of costume jewelry. Buy, or compliment — the Villager is pleased just to have you stop by. Chances are, those skilled fingers were not New York born at all,

but hailed here from another state, perhaps even your own. The canyon that is Wall Street is another neighborhood typically New York in its midday activity. On business days, you're welcome at the Stock Exchange where guided tours initiate you into the intricacies of stock purchasing. In that same downtown area, Fulton Street, center of New York's wholesale fish market, is worthy of a visit, too, but only if you want to be on hand between 2 a.m. and 6 a.m. By breakfast time, a salt air and seaweed odor is all that remains of the early morning fishmongering.

Exotic Chinatown

A colorful early evening activity might well bring you to the compact streets of Chinatown. Curio shop along Mott and Pell Streets, and end your day with a many-coursed dinner in one of the family-owned restaurants there. Whether your wish is to ride, walk, boat, loaf or skate, it's yours for the choosing in Central Park.

For those who prefer to let the city's magnificent transit system speed their sightseeing, it's possible to garage your car and let public transportation carry you about Manhattan's miles. Countless midtown garages provide both overnight and week-long parking, and many visitors garage their cars as soon as they arrive.

Most folk find it less hectic to drive in Manhattan on Saturday and Sunday and many take advantage of New York's expressways for weekend excursions to such world-famed amusement spots as nearby Coney Island and Jones Beach.

Admittedly, if your vacation period is short, you're likely to limit your tour to the circle of Manhattan Island. But if you can squeeze in another two days, that makes possible another Magic Circle of interesting sights. Tunnels and bridges spanning the East River put both Brooklyn and Queens within a five-minute ride of Manhattan.

LaGuardia Airport

Queens, in area New York's largest borough, boasts such tourist fare as LaGuardia Airport with its thrilling Observation Deck and, a few miles further out, the colorful new International Airport with its fabulous new hotel unit. Here aircraft take off for and arrive from all parts of the world. Beyond Queens, expressways lead ribbon-fashion around small Long Island towns. Trees, flower gardens, and even small farms belie the fact that you're less than 25 miles from New York's skyscraper ramparts.

It's hard for the first-time visitor to believe that such a tempting array of driving pleasures lies within a few miles of New York. Easy day-trips to nearby

The Rev. Ross Mitchell, Harrisburg, was guest speaker at the York Springs Church of God Sunday morning.

Miss Beulah Englan, Taneytown, is a guest at the home of

Long Island Sound offer relaxing hours of swimming and boating. Enroute, your car takes you to an unlimited variety of fine shore restaurants, and country inns. Uncrowded, tree-lined roadways reveal glimpses of the Island's fine country estates. It's country driving within metropolitan confines.

Well Posted Parkways

Well-posted highway signs make it easy to follow the parkways and, in little more than an hour's driving time, you're at unique Jones Beach State Park. Park your car, right by the wave-crested beach if you like — and plan to spend the entire day. Here is something for the entire family — ten miles of white, white sand and pounding surf. For those who shun the surf and waves, a salt-water swimming pool or Zach's Bay swimming beach with gentle sloping shores for tiny tots. Lockers and checking facilities make it possible to sun-bathe and swim all day, yet change into dress up clothes for an evening of dancing or attendance at the famous outdoor Marine Theater, this year playing "Song of Norway."

Children can roller-skate, play paddle tennis, deck tennis, shuffleboard. There's an 18-hole golf course (clubs are furnished.) Handball courts, archery ranges, daily softball games — all provide a constant round of activity. And, for those who will have none of this, there are beach umbrellas and chairs to be rented for the entire day. Loaf — or live it up, you'll leave Jones Beach refreshed and relaxed.

Coney Island, too, provides an almost limitless choice of things to do. Brooklyn's seashore amusement area is inevitably a mecca for the out-of-towner. Here there are excellent parking facilities for your car while you take to the boardwalk — or take to the air via the twisting roller coaster or rapid-descent parachute tower from which you can make a stomach-sinking jump safely enclosed in a real-as-life parachute. (P.S. Haven't lost a tourist yet!)

Mrs. Margaret Franquist and Mrs. Lewis Elliott, Lewis Criswell, Carlisle, took his aunts, Mrs. Franquist and Mrs. Elliott, and Miss Englan to Ephrata where they toured the Cloisters. On their return they stopped at the home of Mr. and Mrs. Stanley Myers and daughter, Margaret, Palmyra R. 1, where they were dinner guests. Other guests at the Myers home were Mr. and Mrs. Proctor and family, Mt. Joy, and Mr. and Mrs. Glenn Blauch, Annville.

James Behney sustained a sprained arm and shoulder last week when he fell down a flight of steps while at work in the storage building at Worley's Nursery. He was treated at the Warner Hospital.

Mr. and Mrs. Elmer Coulson attended the Heiner reunion Sunday at Elicker's Grove, near Spring Grove. Mr. Coulson's grandfather, George Heiner, lived on the John Chronister farm, York Springs R. 1, for many years. Mr. Coulson has a book containing records of men for whom Mr. Heimer, while justice of the peace, helped secure their

pensions after they had served in the Civil War. Mr. Coulson is following his grandfather's footsteps to some extent as he has been a justice of the peace for almost 24 years.

Eight members of the York Springs Church of God Missionary Society met Friday at the home of Mrs. Ernest Miller. Devotions were in charge of Mrs. Nellie Lerew, spiritual advisor. Mrs. Ellen Blocher presided. Members brought flower plants, garments and other items which they plan to take to Boyerstown camp meeting in July to be sold for missionary work. Offering and sales amounted to \$10.70. The next meeting will be at the home of Mrs. Mildred Thompson, Gettysburg R. 3, July 2.

The York Springs WCTU will meet Friday at 8 p.m. at the home of Mrs. William Leer.

FRAUD CHARGE LEVELLED AT VETERANS BILL

By JOHN H. AVERILL

WASHINGTON (AP)—The chief author of the House-passed veterans pension bill has conceded that it will cost the government an extra 10 billion dollars in the next 40 years rather than save 12 billion as was claimed.

Rep. Olin E. Teague (D-Tex.) made the concession after Reps. Clare E. Hoffman (R-Mich.) and H. R. Gross (R-Iowa) said the cost of the measure had been camouflaged in Monday's debate. It passed the House 226-34 and was sent to the Senate after limited debate.

"This is nothing but a deception and a fraud on the members of the House," Hoffman said.

Denies Deception
Strongly denying any deception, Teague, who is chairman of the House Veterans Affairs Committee, said that all House members were supplied last weekend with "full information as to the effects

Bill Would Ban Discrimination

HARRISBURG (AP)—Legislation to ban discrimination of any kind in Pennsylvania's public and non-sectarian private schools advanced one step further in the Legislature Tuesday.

By a vote of 157-32, the House approved the measure and sent it to the Senate.

At the same time it approved, 194-0, a \$150,000 appropriation to carry on research into the possible use of coal as a roadbuilding material. This bill also goes to the Senate for further action.

and costs of the bill."

He said that the cost of a provision adding many more widows to pension rolls was not mentioned in debate "because of lack of time." That provision is expected to cost 22 billion dollars through the year 2000.

Hoffman told a reporter that when the bill was brought up for House passage Monday the sponsors "assured us there would be a saving of 12 billion dollars by the year 2000."

"It wasn't until afterward that I learned that rather than saving 12 billion it would cost an extra

ROBERT YOHO IS DISMISSED

HARRISBURG (AP)—William L. Batt Jr., secretary of labor and industry, has fired Robert Yoho from his \$7,500 a year job as administrative officer in the State Workmen's Compensation Bureau.

"I have fired Mr. Yoho, effective at the close of business today," said Batt, reached at his home.

"It is our belief that his usefulness to the department has been ended," said Batt. He added the official text of his dismissal letter to Yoho would be released later. Yoho is a former assistant highways superintendent in Beaver County, and a political associate of Samuel G. Neff. Neff was fired last week as head of the State Workmen's Insurance Fund following a report by Aud. Gen. Charles C. Smith that he created a political kickback scheme on highway equipment contracts.

Yoho was named in Smith's report. An investigation also was made by the justice and highways departments.

10 billion," Hoffman said.

Gross said that if he had known the bill would have boosted pension costs "I wouldn't have voted for it."

U. S. Post Offices Open On July 3

Postmaster General Arthur E. Summerfield announced Wednesday that post offices throughout the nation will be open the usual hours and normal delivery service will be maintained on Friday, July 3, although most other federal employees will be excused from duty on that day by executive order of the President.

Postal employees who do not otherwise receive one workday off because of the July 4 holiday falling on Saturday, and who are not excused on Friday, will receive a compensatory workday holiday some time during the fiscal year beginning July 1, Summerfield said.

Carnival Atmosphere In Iraq Seems Wearing Thin

Editor's Note — William L. Ryan has revisited Iraq, a country he last saw just before the 1958 revolution which killed the king. In this dispatch, written free of censorship, he describes the current atmosphere.

By WILLIAM L. RYAN
AP Foreign News Analyst

BEIRUT, Lebanon (AP) — For the past few weeks nobody in Baghdad, as far as can be learned, has spat on an American.

Perhaps the atmosphere of carnival is wearing off in Iraq. The confused young men charging about the streets of Iraqi cities, intoxicated by nose-thumbing slogans, went on a monumental binge after the revolution last July.

Now the ardor is fading a bit. Even the uniformed youngsters of the "popular resistance forces" seem bored. They still stop cars and search some, but the old zeal is gone.

Not So Annoying
Iraqi soldiers still live in tents on the U.S. Embassy grounds. A soldier with fixed bayonet looks at the credentials of those who go in. Iraqi intelligence men haunt the place. But it's not so annoying as it once was.

Red banners with violent slogans hang on buildings or flutter

over the streets, more in evidence than the traditional green of Islam.

Women with black veils covering their heads and faces, black abbas billowing about them, squat unceremoniously in the dust-covered streets to gossip and attend to the needs of squalling children.

Landlords Mutter
Kurdish porters with incredible loads on their backs stagger doggedly through the streets, oblivious to propaganda. Stolid farmers belabor slow-moving, heavily burdened donkeys weaving their way along the crowded sidewalks.

Their landlords, once entitled to the deferential respect due feudal lords, mutter glumly to one another in the coffee houses about the confiscation of lands under the revolutionary regime.

Workers at key city squares in Baghdad, sweating in the cruel sunshine, labor against time to erect expensive triumphal arches for the revolution anniversary July 14. The job keeps a corps of workers busy.

Pictures Everywhere
Bookstores display the latest pamphlets published in Communist countries. The shopkeepers have little choice about this. The newspapers with dreary unanimity follow the lead of the Communist press in spreading the

cliques of Communist propaganda. All refer to Iraq's future as one of popular democracy. All pay tribute to the Soviet Union.

Everywhere, on pillars, in shop windows, on buildings, there are pictures. There are pictures of renowned revolutionary poets, pictures of Communist heroes like Lenin, Stalin and Khrushchev. But the picture which dominates all the others in the hot, dusty, dirty and overcrowded streets is that of the premier, Maj. Gen. Abdel Karim Kassam.

A Bitter Pill
At one stage the Communists were ready to grab, at the least, a large share of governmental authority. Suddenly they pulled back.

It was a bitter pill to swallow for those who believed the party ready to move. Relatively small in number, the disciplined hard core commanded the only well-organized political party. It had control of virtually all mass organizations. Street mobs were its playthings.

Soviet and Communist bloc penetration had been swift and heavy. Many hundreds of foreign Communists poured in: technical teams, cultural teams, propaganda training teams, engineering, economic and military missions, experts in swarms.

Kassam apparently still had army support, but the eager ones among the Communists seemed confident they could handle the problem.

Causes Of Reversal
Then the Communists backtracked, called off an "education campaign" for participation in the government, proclaimed their loyalty to Kassam.

What caused this reversal? First, Kassam's resistance to the Communists seemed to have stiffened.

Then, despite a great deal of noise hitting at President Gamal Abdel Nasser of the United Arab Republic, it was plain Nasser still had considerable personal following in Iraq. And Nasser had turned violently on communism.

Moscow Had Choice
For Moscow it became a choice: take power in a country which still could blow up or retain whatever gains Soviet policy had made in the Middle East toward long-range goals. Moscow risked provoking a solid Middle East anti-Communist front under Nasser leadership. Iraq, lacking a frontier with a Communist power, might not long be held firmly in the Red grip.

The Communists' Iraqi party secretary general, Salam Adil, al-

NEW INVASIONS ARE EXPECTED IN NICARAGUA

MANAGUA, Nicaragua (AP) — New invasion threats from two directions were reported Tuesday night by President Luis Somoza, whose government has just finished off a group of rebels that invaded Nicaragua two weeks ago.

The 37-year-old president, whose family has ruled this Central American republic for 23 years,

tended international Communist meetings in Moscow. He came home and proclaimed: no party alone could "shoulder the responsibility of liberating the country." There would be no showdown with Kassam at this time, no attempt to grab power.

Moscow, alert to the complexities of the Arab East, seems in no hurry to take rash chances. Attractive as oil-rich Iraq might seem in the role of Communist satellite, the risk is great. Nasser defeated the Communists once before in Syria, when they were almost strong enough to grab power. They have reason to respect him, even now.

said one new set of invaders is based in Honduras and consists of about 50 men.

He was not certain whether it had actually crossed Nicaragua's northern border and sent units of his well trained army to check.

Others In Costa Rica
The other group is getting ready to strike with about 200 men from neighboring Costa Rica, probably in about two weeks, Somoza said.

He said the Honduras-based group is under the command of Rafael Somarriba, a Nicaraguan National Guard lieutenant 10 years ago. Somoza charged it was formed and trained in Cuba of mercenaries from several Caribbean countries.

He claimed both groups contain members of the Caribbean Legion, an outfit purportedly dedicated to the overthrow of dictatorships. The contingent in Honduras, he charged, is financed by Communists and armed by Prime Minister Fidel Castro's government.

Somoza said the Costa Rican group is at Santa Elena Bay, near the border of Nicaragua. He charged that force is backed by Marcial Aguiluz, a Costa Rican congressman.

Costa Rica was the base for the rebels who invaded Nicaragua earlier this month. The president said one member of that force had been killed and 105 captured. Four are unaccounted for.

MEALS UNDER 50 CENTS ARE TAX EXEMPT

HARRISBURG (AP) — That little restaurant snack is once again exempt from the sales tax if the check is 50 cents or less.

Gov. Lawrence signed into law Tuesday night legislation restoring the 50-cent exemption for the 3½ per cent sales tax on restaurant meals. The previous exemption—dating back to April 15—had been 10 cents.

The chief executive took time out from a legislative reception at his Indiantown Gap summer house to sign the bill only a few hours after it had cleared the general Assembly.

To Lose \$14 Million

The Commonwealth will lose 14 million dollars in potential revenue for the next two years as a result of the action. But the governor said it will be almost made up by an unexpected increase of 13 million dollars in revenue estimates from existing taxes.

Lawrence, in an accompanying statement, said enactment of the remaining 207 million dollars of his deadlocked tax program also would make up the loss.

"This bill removes a tax on an item that can be considered a necessity," the governor said. "The sales tax on a cup of coffee or a sandwich, or a snack, which often amounts to lunch away from home was hitting many persons with a small income."

Closes A Loophole
The new law also closes a loophole in the old statute involving meals served at drive-in restaurants. It spells out specifically that meals taken out to an automobile are subject to the tax and not considered take-home food, which is exempt.

The tax cut is one of the very few since the end of World War II. Others since then were the old cent-a-bottle soft drinks tax in 1950 and the restoration of the manufacturers' exemption from the five-mill capital stock tax in 1957.

The senate voted 49-1 Monday to pass the restaurant tax exemption. The only dissenting vote had come from Sen. Edward J. Kessler (R-Lancaster). There wasn't a word of opposition from the lawmakers as the measure rolled on through the legislative mill.

Note First Break
Sen. James S. Berger, Republican floor leader, said the vote was significant in that it represented the first break in the governor's original 400-million-dollar tax package.

"This (10-cent exemption) should

Meyner Signs Bill Legalizing Games

TRENTON, N. J. (AP) — Gov. Robert B. Meyner Wednesday signed four bills setting up a Nov. 3 statewide referendum on legalizing boardwalk and carnival games in New Jersey.

The games were ruled a violation of state gambling laws three years ago by the State Supreme Court.

The four bills, sponsored by Sen. Charles W. Sandman (R-Cape May), would give the voters the decision on whether the games could be played again.

Meyner said his signature on the bills did not indicate any view on their merits.

MAY INCOME OF AMERICANS HITS NEW HIGH

WASHINGTON (AP)—The government has announced that the personal income of all Americans rose in May to a record annual rate of \$76,200,000,000. The increase for the month was three billion on an annual basis.

Secretary of Commerce Lewis L. Strauss issued a special statement which said:

"This high level of purchasing power is a basis for the business confidence so generally evident, and for the strong hope for further increases in employment."

The Commerce Department report was the second this week to point up the transition of the economy from recovery to a new boom. The Federal Reserve Board announced Monday that industrial production advanced to a high last month.

Personal Income Up

Personal income in May was up 7 per cent or 25 billion dollars on a yearly basis from May 1957.

"Each month this year," Strauss said, "has shown a higher rate of personal income than the one before—in a period of virtually no alteration in the consumer price level."

The report said the surge in incomes from a year ago represents for the most part real gains in the buying power of the average American, inasmuch as retail prices advanced only fractionally during the interim.

Most of the May increase in income was in wages and salaries which were up 2½ billion dollars to a seasonally adjusted annual rate of \$255,800,000,000.

The report said payroll advances centered in manufacturing, with durable goods industries scoring particularly sharp gains. Metals and machinery manufacturing showed the biggest increases.

Gardner, Trimmer Wills Are Filed

Mary G. Miller, York Springs R. 2, is named executrix in the will of Mrs. Annie A. Gardner, late of York Springs R. 2, who died June 8. The will has been filed in the office of the register and recorder. Disposition of the estate is made to five children, Mrs. Miller, John O. Gardner, Pauline G. Fair, Ruth G. Worley and Anna C. Setton, each to receive certain listed items of personal property and all to share the remainder of the estate which is valued at \$6,000 personal and \$6,000 real property.

In the estate of Edward V. Trimmer, late of Hamiltonban Twp., who died May 1, letters testamentary have been issued to a niece, Mary K. Walhay, Gettysburg R. 2, who is the sole legatee under the will.

Former Newsmen Gets Vets' Post

HARRISBURG (AP)—Anthony R. Caniff, former Harrisburg newsmen, has been appointed administrative officer of the newly created Veterans' Compensation Bureau. The bureau will distribute bonuses to Pennsylvania's Korean War veterans.

The 29-year-old former Marine will take a leave from his present public relations job with the Pennsylvania Turnpike Commission to direct public information affairs for the bureau, which is part of the military Affairs Department.

Caniff will receive \$8,163 a year in the new post, which is expected to last about a year while the bonus is being distributed.

CHAMBER WILL STUDY ZONING

The Taneytown Chamber of Commerce will take an interest in zoning developments in Carroll County and has named a committee to follow up on zoning progress. Frank Wargny, Neal W. Powell and Harry Mohny were named to that committee at a meeting of the Chamber Monday in Taney Inn.

Murray Baumgardner reported to the Chamber that the postmaster said he expects that he will be able to secure a mail box to place in the square for the convenience of the public in depositing mail.

Sam Breth suggested that it would be appropriate for the Chamber to recognize those local industries which were initially sponsored by the Chamber. It was decided that a industry appreciation night will be held with representatives of the four industries involved invited to a dinner meeting September 21. The program committee will be in charge of arrangements.

November 12 was set as the date for the annual banquet. The annual outing of the Chamber is set for August 6 and will include tours of the McCormick spice and Westinghouse plants in Baltimore. The Chamber will meet again at Taney Inn July 20 at 6:30 p.m.

WANT TROOPS IN KENTUCKY COAL FIELDS

LEXINGTON, Ky. (AP)—Coal operators again have asked President Eisenhower to send troops into the eastern Kentucky coal fields, and the United Mine Workers Union has pledged cooperation with law officers to quell violence.

The operators sent a telegram to the White House signed by attorney Joseph C. Lewis, who said he represents operators in Perry, Letcher and Knott counties.

The union pledge was in letters to the sheriffs of Letcher, Perry, Knott and Pike counties.

Moves Made Tuesday

Both moves were made Tuesday during a lull in strike violence which has caused three deaths in three months.

Lewis first asked for troops March 19. The President rejected the request, saying it was up to the governor to preserve law and order.

Gov. A. B. Chandler subsequently ordered the National Guard into the fields. The troops left after two weeks.

Lewis based his latest request on a federal restraining order

BATISTA MEN FORCE PILOT TO FLY TO MIAMI

MIAMI, Fla. (AP)—"I was in the front, near the pilot's station, when I heard someone talking rough in Spanish," said Gabriel Hajian.

"I turned to look and I saw this dark man with dark glasses and a shiny gun."

Hajian was describing the flight of 30 terrified passengers, including several Americans, on a hijacked Cubana Airlines plane Tuesday night.

"He talked like a crazy man—fast, fast. He kept mentioning Miami to the pilot. At first the pilot shook his head, but the man put the gun close to the pilot's head. Then the pilot turned and banked the plane and the man with the gun smiled."

Women Are Terrified

Women sat terrified, their hands over their eyes, during most of the 75-minute flight from Havana with the six soldiers from former Cuban President Fulgencio Batista's army in command, Hajian said.

Hajian, 26, an engineer from New Haven, Conn., said the lead-

Would Boost Pay For Older Teachers

HARRISBURG (AP)—A pay raise for veteran teachers was approved by the House Education Committee Tuesday.

The committee sent to the floor for action a bill granting annual \$300 pay raises for teachers after 30 years service.

However, they would not have to be paid above the legal maximum salary for their classification.

The House Appropriations Committee, meanwhile, approved the administration's plan to establish a statewide library system. The House Judiciary Committee approved legislation authorizing the courts to order blood tests in suits involving paternity or identity of a child.

er, identified as Lt. Maurillo Francisco Marquez-Lopez, 20, from Camaguey, kept waving the gun and looking around as if he expected someone to shoot him.

"But the closer we got to Miami—or I guess it was the farther away we got from Cuba—the calmer he got," Hajian added.

Names of other Americans aboard were unavailable.

When the plane landed at Miami International Airport, Marquez-Lopez and five others asked political asylum.

M'SORLEY NOT GIVING PLANS

HARRISBURG (AP)—Chairman G. Franklin McSorley, of Pittsburgh, has declined comment on whether he will continue on the Pennsylvania Turnpike Commission.

McSorley, attending his second commission meeting since his reinstatement, brushed aside news-men's queries Tuesday saying he had "no statement to make" on whether he would retain the \$15,000-a-year post or resign.

Gov. Lawrence reinstated McSorley June 2. He was suspended Jan. 23, 1957, by former Gov. George M. Leader, following his indictment on charges of misconduct in office. McSorley's conviction in Dauphin County Court was reversed last month by the State Superior Court.

His reinstatement came after the Commonwealth said it would not appeal the Superior Court ruling.

ANOTHER EXEMPTION

HARRISBURG (AP)—A sales tax exemption for free newspapers and publications was approved by the House Tuesday. The vote was 194-0. The bill now goes to the Senate.

PRESBYTERIAN SYNOD ADOPTS BUDGET FOR '60

GROVE CITY, Pa. (AP)—The Synod of Pennsylvania, United Presbyterian Church in the U.S.A., has approved a \$405,363 budget for 1960.

Included in the budget is \$176,000 for support of these church-related colleges; Westminster, New Wilmington; Grove City; Lafayette, Easton; Wilson, Chambersburg; Waynesburg; and Beaver College, Jenkintown.

The budget, approved Tuesday in the second day of the Synod's 78th annual meeting, also includes:

Plan Conley Fund
An expenditure of \$96,757 for the synod's operation; \$60,606 to support on-campus ministry at colleges in Philadelphia and Pittsburgh and Pennsylvania State University; \$21,000 for the Pennsylvania Council of Churches; and \$50,000 for new church development.

A proposal to establish a Dr. Claude Conley education fund also was approved by the synod's commissioners. Dr. Conley, who died last November, once served as the synod's executive secretary. The fund will be supported by the synod's churches and their members.

Dr. Conley's daughter will be the first to benefit from the fund. Thereafter, funds will be used to set up a lectureship at the Western Theological Seminary in Pittsburgh.

WOULD CHANGE FISHING LAWS

HARRISBURG (AP)—The House has received legislation to permit fishing the year around without licenses in privately operated lakes and ponds.

The bill, introduced Tuesday, also would provide that no limit be fixed on the number or type of fish caught in such lakes.

The bill, sponsored by William B. Curwood (D - Luzerne) and James E. Willard (R - Mercer), would change the designation of such lakes from fee-fishing lakes

Methodists Will Fete Bishop Oxnam

WILLIAMSPORT, Pa. (AP)—Some 500 Methodist ministerial and lay delegates came here Wednesday for the opening session of the 91st annual Central Pennsylvania Conference of the church.

Bishop G. Bromley Oxnam, of Washington D. C., will preside over the five-day conference and will be honored at a testimonial Saturday night.

LEADERS BACK HOUSING BILL

WASHINGTON (AP)—Democratic leaders backed today a compromise \$1,310,000,000 housing bill.

Although a Senate-House conference committee has yet to work out final details, House Speaker Sam Rayburn (D-Tex.) and Senate Majority Leader Lyndon B. Johnson of Texas passed the word they want a measure limited to a two-year program and tailored to stay within Eisenhower's new budget.

This would follow the pattern of an airport aid program cut below Eisenhower's monetary requests and cropped to two years. It is in line with the Rayburn-Johnson argument that more ambitious programs can await what they profess to regard as the certain election of a Democratic president in 1960.

House pets, such as dogs and cats, need more water during winter months because furnace heat dries body moisture.

to regulated lakes.

It also makes changes in the licensing procedure for the lakes. Annual licenses would run from Jan. 5 to Dec. 31, instead of April 1 to March 31 of the following year.

The flat annual \$25 license fee for all lakes would be eliminated in favor of a fee based on the area of the water. Under this formula, license fees for bodies of water under five acres would be \$25, under 10 acres \$30, under 20 acres \$40, under 40 acres \$50, and under 80 acres \$60 and over 80 acres \$75.

FISHWAY BILL IS SENT BACK TO COMMITTEE

HARRISBURG (AP)—The sportmen's dream of fishways providing means for fish to pass through the dams on the Lower Susquehanna seemed a long way from reality again today.

The new fish code was back in the House Fisheries Committee where Chairman William B. Curwood (D-Luzerne) said plans were to strike from it a provision requiring the State Fish Commission to construct the passageways at a Safe Harbor and Holtwood Dams.

Curwood said the commission objected to being held solely responsible for the construction.

Wants Utilities To Pay
It requested that the new code include the same provision as the old one requiring utilities to pay toward a study of the feasibility of such fishways.

The new code and a proposed new water safety law both were sent back to Curwood's committee Tuesday. The chairman said there were extensive amendments—mostly technical—to be made, but he expected to have them back for consideration by the full House the last week in June.

There will be no further public hearings, he added.

SNORES WAY OUT OF JAIL

CINCINNATI, Ohio (AP)—Sleepy Travis Zellis, 28, literally snored his way out of the county jail Tuesday.

Zellis had been given a 90-day sentence May 1 for stealing an amplifier from a night club.

But soon after Zellis was jailed, Judge Simon L. Leis and probation officials began receiving calls from Charles Junker, the jail warden; Joseph Hesselbrock, his assistant; and Sheriff Dan Tahan.

It seemed that Zellis snored day and night. He couldn't stay awake on any job. He snored so much during the day that other prisoners couldn't work and made so

much noise at night they couldn't sleep.

Judge Leis and the Hamilton County Probation Department decided he had to be released—on three months' probation.

Named President Of Borough Group

PHILADELPHIA (AP)—D. William Arndt, secretary of the Borough of Berwick, has been elected president of the Pennsylvania State Assn. of Boroughs at the organization's 48th annual convention.

Arndt has been first vice president of the association and is a member of the legislative and executive committees.

Other officers elected were: K. C. Action, Bryn Athyn, first vice president; Ralph L. Gessler, Blairsville, second vice president; and Robert H. McGregor, Hanover, third vice president.

The convention ends today with the report of Executive Director Charles F. LeeDecker on the association's legislative activities.

GUNMAN HELD FOR KIDNAPPING

PARIS, Ill. (AP)—A gunman who was besieged for 16 hours by police was held in the Edgar County jail today in default of \$7,000 bond after his arraignment before a police magistrate on a kidnapping charge.

Magistrate Grover Hoff set preliminary hearing Friday for the gunman, Kenneth Eugene Adkins, 22.

The kidnap charge stemmed from Adkins' forcing his half-sister, Nyra Jean Kennedy, 34, to accompany him Monday night from Paris to the home of his mother in Charleston. He held Mrs. Kennedy, mother of five children, prisoner throughout the night.

More than 30 state, county and city policemen besieged the frame house after Adkins had demanded that a Charleston police captain, Logan Cox, be brought to the house so he could kill him. Cox said he had arrested Adkins a number of times for assault and disorderly conduct.

Adkins finally surrendered Tuesday meekly and without firing a shot.

Under his proposal, the Joint State Government Commission would study Pennsylvania laws, compare them with other state's laws and then report back to the next session of the General Assembly.

A large proportion of the nickel produced goes into the making of stainless steels.

ASK STUDY OF SCHOOL BUS LAWS IN PA.

HARRISBURG (AP)—A propane gas truck explosion near Pottsville June 2 has triggered a request for a legislative study of Pennsylvania laws governing of school bus operations.

Rep. Gus Yatron (D-Berks), recalling the tragedy in which 11 persons were killed, introduced a resolution in the House Tuesday asking for a study by the Joint State Government Commission the legislature's research arm.

Yatron noted that the tanker had sopped behind a school bus which was picking up children. A tractor-trailer rammed the rear of the gas truck, setting it afire. In less than an hour, the tanker exploded, killing a fireman and nine spectators. The 11th victim died in a Pottsville Hospital last week.

Accident Hazard

The request is the second one on school buses submitted since the explosion. A week after the tragedy, several Schuylkill County lawmakers proposed that, whenever possible, school buses be required to stop on the shoulders instead of the traveled portions of the roadways.

Yatron said the requirement that vehicles stop while school buses are loading or unloading was "enacted conscientiously and with the safety of the children and the traveling public in mind."

"Practical experience, however, the requirements of existing law have caused serious accidents."

Under his proposal, the Joint State Government Commission would study Pennsylvania laws, compare them with other state's laws and then report back to the next session of the General Assembly.

Amateur Is Named Mayor Of Denver

DENVER, Colo. (AP)—A political amateur making his second try for elective office was named Denver's next mayor in a special runoff election Tuesday.

A heavy turnout of voters chose Richard Y. Batterton for the four-year, \$14,000-a-year job.

Batterton, 55, is manager of public works and the top officer in the present Cabinet of Mayor Will F. Nicholson, who did not seek re-election. Batterton defeated City Council President George A. Cavender.

The unofficial returns gave Batterton 58,016 votes, Cavender 50,305.

The new mayor will take office July 1.

NIXON WILL VISIT CITIES IN SIBERIA

WASHINGTON (AP)—The Soviet government has agreed to allow Vice President Richard M. Nixon to tour some Siberian cities during his good will visit to the Soviet Union next month.

Such a trip would make Nixon the highest-ranking U.S. official ever to visit this highly restricted region in peacetime. Vice President Henry A. Wallace toured Siberia briefly during World War II.

The State Department and the Soviet Embassy are now working out final arrangements for Nixon's Siberian travels as well as half a dozen other stops he wants

to make in the Soviet Union.

Will Open Exhibit
Nixon's trip, mainly to open the American national exhibit in Moscow July 25, is being set up as a virtual tit-for-tat exchange for a visit by Deputy Soviet Premier Frol Kozlov.

A protege of Soviet Premier Nikita Khrushchev, Kozlov is tentatively due to arrive in New York June 29, ostensibly to open the Soviet trade and cultural exhibit in New York's Coliseum beinning June 30.

But he has asked to meet with President Eisenhower, and to tour industries and other sites in New Jersey, and Pittsburgh, Detroit, San Francisco, Los Angeles and a Texas city yet to be selected.

ROCHESTER IS WOOLING TRADE INTO MIDTOWN

ROCHESTER, N. Y. (AP)—A shopping center, symbol of the suburb, is going up in the heart of downtown Rochester.

Midtown Shopping Plaza, an architect's dream and a shopper's delight, will replace 10 acres of parking lots, dilapidated buildings and dingy alleys.

This "urban redevelopment," but not the kind that needs a government subsidy. The owners of two of Rochester's largest retail stores, although competitors, have joined forces to wage 20 million dollars of their own money that midtown will help stop the flight of business to the suburbs.

Underground Parking
Besides sprucing up the downtown area, Midtown will provide the city of 340,000 with free space underground for a garage to help solve the city's parking problems. Here's what the plans call for: Underground parking on three ramps for almost 2,000 cars.

Escalators to the surface. About 30 stores on an enclosed mall, as big as a football field, heated in winter and cooled in summer.

An office building at least 10 stories high.

A but terminal for city and suburban lines.

And, of course, entrances to the two stores that are building Midtown—McCurdy's Department Store, the second largest in the city, and Forman's Specialty Store for women, the fourth largest retailer.

Garage, Expressway
The city expects to spend about 17 million dollars to build the underground garage and to extend a multi-lane expressway across the middle of downtown and along one edge of Midtown.

Work began early in April. Part of the garage will be open next year and the plaza is expected to be completed in five years.

The idea for Midtown was born three years ago when McCurdy's and Forman's—worried about the flight of shoppers to the suburbs—called in architects Victor Gruen Associates to design a parking garage. The architect suggested Midtown instead.

McCurdy and Forman met privately with the city manager, drew up plans, started buying property quietly and then unveiled the project before the City Council last fall.

Robert P. Aex, city manager, is convinced that private enterprise projects like Midtown are the answer to big-city decay.

"For the city," he says, "the key is the triple use of land."

"Parking is one of our biggest problems downtown. When the city builds a ramp garage, it has to buy the land, take it off the tax rolls and then build a garage that produces no profit."

"But look what happens when the city and private enterprise cooperate."

Cooperation Pays

"First, the city gets the underground rights free of charge. The stores are as happy to get the parking as we are to get the space."

"Second, the surface land stays on the tax rolls."

"Third, private enterprise im-

proves the property, which increases in value and returns more taxes to the city."

Aex says Midtown could be the spark for a face-lifting of the whole downtown area—a new hotel, apartment housing, more store remodeling.

"Once you have something like Midtown as a starter," he says, "it just grows and grows."

FIVE CHILDREN BURN TO DEATH

CHICAGO (AP)—Five children burned to death Wednesday when a three-alarm blaze ripped through a four-story apartment building on

the West Side.

The victims, all Negroes, were trapped in apartments on the third and fourth floors of the 200-foot-long structure at 2301-2319 W. Madison St.

Firemen put out the fire after an hour. Authorities said a check

of the building indicated all of the other occupants reached safety.

Two victims, Mary Morris, 5, and her brother, William Jr., 11 months, were found dead in their fourth-floor apartment.

The other victims, Sam Yarborough, 11, and his brothers,

John, 3, and Lawrence, 2, died on the third floor.

Former King Humberto of Italy, now an exile in Portugal, is married to Princess Maria Jose of Belgium. They have four children.

BOATS LEAD TO TIRES

AKRON, Ohio (AP)—Boat owners are going to sea on auto mobile tires. E. F. Tomlinson, president of a tire company, says more than \$10 million was spent for tires by the boat trailer industry in the last 12 years.

FRIDAY FARE
Enjoy a refreshing cold fruit drink with lunch? Here's your recipe!

Chilled Cucumber Soup
Shrimp Salad
Cookies

THREE-FRUIT COOLER
Ingredients: 1 can (1 pint and 2 fluid ounces) pineapple juice, 2 large oranges, 1/2 lemon, 1 bottle (7 ounces) ginger ale.

Method: Mix pineapple juice and juice from oranges and 1/2 lemon. Add ginger ale and stir lightly; makes 1 quart. Fill 4 tall glasses with ice cubes and pour in drink. Serve at once. Makes 4 servings.

Note: The pineapple juice called for is a No. 2 can yielding about 2 1/4 cups.

SATURDAY SUPPER
Delicious first course!

Tuna Antipasto Hard Rolls
Fried Chicken Mashed Potatoes
Green Peas With Mushrooms

TUNA ANTIPASTO
Ingredients: 1 can (7 ounces) tuna, 2 tablespoons red wine vinegar, 1/2 teaspoon salt, fresh-ground pepper, 1 small clove garlic, 1/4 cup finely diced mild sweet onion, salad greens, pimientos, green pepper, sliced cucumber, radishes, hard-cooked egg quarters, celery, olives.

Method: Drain oil from tuna into a small bowl — there should be about 3 tablespoons. Add vinegar, salt and pepper to taste; crush garlic and add with onion. Beat well with a fork. Add drained tuna and mix lightly; arrange on salad greens on platter; add remaining ingredients. With the lavish number of ingredients included in this antipasto, we find this amount of the tuna mixture will make 8 servings.

SUNDAY DINNER
Summer's the time to use mixes; and here's a variation on a new one.

Roast Leg of Lamb Mint Jelly
Oven Potatoes Snap Beans
Salad Bowl Bread Tray
Pineapple Pudding Beverage

PINEAPPLE PUDDING
Ingredients: 1 package (11 1/2 ounces) apple pudding mix (with crumbly topping), 1 cup boiling water, 2 cups diced fresh pineapple, 1/4 cup sugar, 2 tablespoons butter or margarine, 1 cup heavy cream, 1/2 teaspoon vanilla extract.

Method: Turn apples from envelope in pudding mix package into a 1 1/2 quart baking dish; add boiling water; allow to stand for 10 minutes. Meanwhile sprinkle pineapple with sugar and at the end of the 10 minutes arrange pineapple over apples. Sprinkle crumbly topping over fruit; dot with butter. Bake in moderate (375 degrees) oven for 35 to 40 minutes. Serve warm with whipped cream flavored with vanilla. Pudding is quite sweet so it is not necessary to sweeten cream. Makes 8 servings.

THE BRIDE COOKS LUNCH
This combination of salad ingredients is found in both the German and Scandinavian cuisine.

Luncheon Salad Beverage
Strawberry Shortcake Beverage

LUNCHEON SALAD
Ingredients: 1 1/4 cups diced cooked potatoes, 1 can (8 ounces) julienne-style beets (drained), 1/2 cup diced herring fillets, 1 spoon capers, 1 tablespoon minced

fresh dill, 1/2 cup commercial sour cream or sour cream substitute, salad greens, 2 hard-cooked eggs (sliced), cucumber.

Method: Just before serving mix together the potatoes, drained beets, herring, capers, dill and sour cream. Arrange on salad greens; garnish with sliced eggs and cucumber. Serve at once. Makes 3 servings. We suggest mixing this salad just before serving to preserve the best color.

FAMILY SUPPER
An excellent way to give a new mix home treatment.

Sliced Ham Macaroni Salad
Pickle and Raw Vegetable Tray
Orange Prune Bread Beverage

ORANGE PRUNE BREAD
Ingredients: 1 egg, 1/2 cup milk, 1 package (10 ounces) oatmeal bread mix, 1/2 cup sliced pitted cooked prunes, 2 tablespoons sugar, grated rind of 1 orange, 1/4 cup finely chopped nuts.

Method: Beat egg enough to combine yolk and white; add milk and beat to combine. Add oatmeal bread mix; stir just until combined. Fold in prunes; turn into pan that comes with mix; do not grease pan. Mix together the sugar, grated orange and nuts; sprinkle over top of loaf. Bake in moderate (375 degrees) oven 45 minutes or until cake tester inserted in center comes out clean. Remove bread according to package directions.

COMPANY DINNER
Our best coffee gelatin dessert bears repetition.

Broiled Steak
French-fried Potatoes
Asparagus with Hollandaise Sauce
Salad Bowl Rolls
Coffee Cream Beverage

COFFEE CREAM
Ingredients: 1 envelope unflavored gelatin, 1/2 cup sugar, 1/4 teaspoon salt, 4 egg yolks, 2 cups milk, 2 tablespoons instant coffee, 1 teaspoon vanilla, 1 cup heavy cream.

Method: Mix together thoroughly gelatin, sugar and salt in top of double boiler. Beat egg yolks and 1 cup of the milk; stir into gelatin mixture with remaining milk. Place over boiling water and cook and stir constantly until gelatin dissolves and mixture thickens slightly — about 6 minutes. Remove from heat. Add coffee powder and vanilla; beat just until coffee dissolves. Chill, stirring occasionally, until mixture mounds slightly when dropped from a spoon. Whip cream and fold in. Turn into a 4-cup mold; serve with mixed salted nuts. Makes 8 servings.

HELPFUL HINTS FOR DAD'S DAY GIFTS GIVEN

By VIVIAN BROWN
The Associated Press

There are some dads who enjoy being difficult when it comes to gifts, and refuse to give even a hint of what they prefer. They're quick to say that they'll buy their own articles of wearing apparel though, and thank you, anyway.

That leaves you with just a couple of areas to explore, gift-wise. He may prefer old-fashioned gifts like shaving preparations, but a fussy type is likely to be a creature of habit too, so how can you get him some of the new fangled grooming items?

Well, don't let it throw you. You can usually teach a dad new tricks if you are aggressive about it, and now is the time to get that man out of the rut.

Masculine Scents
Acquaint him with some of the masculine scented toiletries sold over good grooming counters.

Many soaps, after-shave lotions and colognes are concocted with that shock-proof ingredient for first timers — light scent, perceptible enough to please the lady of the house, if the man doesn't object.

The packages in men's toiletries are attractive with great eye appeal as a rule, a wonder-

ful advantage for the gift giver. But you can dress up one even more, if you like. One snappy decoration, a waistcoat, is easy to cut out from gift wrap. Fasten a boutonniere to it — a cornflower made from a few strips of sheer ribbon which sticks to itself when moistened, piled one little strip on top of another for the flower effect. Gift wrap books available at stationery counters offer many good wrapping tips for that man's present.

Good Idea
It's a good idea not to get a strong smelling scent in toiletries for a man unless you know he likes it. There are the soaps on a cord that may be hung around the neck for easy handling in the shower, and other individual toiletries to suit his type.

The boxed toiletries in matched scents are a good idea. One spicy scented one, for instance, includes shave lotion, talcum, spray deodorant and hair groom tonic in travel-light plastic containers. If dad is keen about hair preparations, don't miss the opportunity to supply him with his favorite hair dressing, shampoo,

HUNGARIAN JAB
BUDAPEST (AP) — A top official of the Hungarian Reformed Church, Bishop Elemer Gyory, has criticized the World Council of Churches for its stand condemning the Communist suppression of the revolt in Hungary. "The time has come," Bishop Gyory said, "for the leaders of the World Council of Churches to admit their mistakes in interfering in the affairs of Hungary at the time of the 1956 revolt."

SEATTLE, Wash. (AP) — About five years ago, Miss Andrea Olsen, librarian of the Seattle Council of Churches, started a sideline project of collecting and selling stamps to support Christian work.

It has snowballed, with stamps pouring in from across the country, producing income of an average \$184 monthly — a total of \$5,075 so far. The money goes to Church World Service, the Protestant overseas relief agency.

Chase The Blues of "Problem Days" With New Tablet
That Prevents Periodic Discomforts!

CHICAGO, Ill. (Special)—Announcement has been made that an eminent doctor has developed a formula that helps to eliminate the painful tension of "Problem Days" for many women. Years of research and clinical tests have proven the basic cause of periodic pain is due to uterine tension (a severe cramping of the muscles). Now, before it starts! This revolutionary new and safe tablet acts without the aid of harmful drugs to relax the muscles and relieve tension — you don't have to wait until pain starts! Banoy is not a pain killer — it is a pain preventative! That's why Banoy is so completely different, why so many women tested under clinical supervision said it brings relief they never knew before.

All you have to do is take gentle-acting Banoy as directed, 5 to 7 days before your next menstrual cycle is due to begin. Then wonderful Banoy allows you to forget that "problem days" of the month are different from any others. Buy and use Banoy with the absolute guarantee that you must be satisfied with the results or your purchase price will be refunded by the maker. Banoy is available at —without need for a prescription.

DEAF MAN MARKETS LOW COST HEARING AID

H. A. Lyons
considerably less than the cost of comparable aids.

This new discovery comes in several different styles. There is one streamlined model for eyeglasses, one worn as a barrette for a woman's hair, and a very minute model worn behind the ear.

Mr. Lyons says, "I am interested in seeing that more and more hard of hearing persons get good hearing like myself. The low cost and superior hearing of this new discovery will bring security and happiness to many persons who feel they cannot afford the cost of higher priced aids."

If interested for yourself or a friend, write Mr. H. A. Lyons, 2625 Cedar Ave., Minneapolis 7, Minn. He will send you full information.

"Consumer Counsel" Idea Is Endorsed By PUC Head

By HERB LINNEN

HARRISBURG (AP)—The chairman of Pennsylvania's Public Utility Commission today endorsed a proposal calling for appointment of a "consumer's counsel" to protect the public interest in rate cases.

Leon Schwartz said he welcomed the plan approved by Atty. Gen. Anne X. Alpern and 15 city solicitors at a special meeting Wednesday.

"I welcome the idea," Schwartz told the Associated Press. "But I wish they could give me a couple of engineers to handle technical matters instead of a lawyer."

Could Use Help

He added that the regulatory agency, while not in dire straits, could benefit by the services of more engineers and accountants to handle rate cases. Said Schwartz: "We need not only engineers but engineers trained in regulatory work. Salaries should be made attractive enough so that we are able to keep a good man when we get him. As it is, we often train an engineer or accountant and within a short time lose him to federal agencies or some utility."

Miss Alpern said 15 of 16 city solicitors attending the session agreed to naming a people's attorney in the State Justice Department. She said he would act as "a spur to achieve reasonable rates for consumers while giving a fair return to investors."

To Consult Governor

The attorney general said she would get Gov. Lawrence's reaction at a conference early next week.

Schwartz disputed her contention that Pennsylvania's public utility laws now have an improper rate base.

The PUC chairman said he felt that the state has an equitable system as it now stands.

"Of course," he added, "if the attorney general feels that changes are needed, this will take legislative action. A proposal to have it (the rate-fixing process) changed in the last session failed."

To Check Others

Miss Alpern said the consumer's counsel also would check on rate cases before the State Milk Control and Insurance Commissions and federal agencies.

"The counsel would collect necessary material and technical data, compile rosters of expert witnesses and help cities present their cases in rate filings," she explained.

"I consider this a matter of major importance and I hope to have it going within a month. But unless we get sufficient funds to hire an expert staff, I would not be interested in going on. It must be an effective operation."

FAMOUS DAD HANDICAPS TO JOEL D. M'CREA

By CYNTHIA LOWRY

NEW YORK (AP)—It's tougher to follow in the footprints of a successful father than to go your way alone says young Joel McCrea.

The Carroll branch, National Association of American Penwomen, met Monday with Mrs. Mabel Price, Finksburg. Taneytown members attending were Mrs. George Harner and Mrs. Marcia Ray, program speaker on antique Wedgwood.

Joel Dee McCrea, known as Jody—is the handsome 6-foot-3 son of veteran actor Joel McCrea and actress Frances Dee. After two years of Army service, Jody is going to Hollywood to start work on a western series, "Wichita Town," which will open on the NBC network this fall. He'll co-star with his father.

"This wasn't the way I planned it at all," the earnest young man explains. "I did not expect to go into television or pictures for a while. I wanted to do a play in New York and some other theater work and then, when I felt secure enough about my own ability, I would be ready to take on television and motion pictures — on my own. I didn't want to ride in on my father's reputation."

Theater Arts Major

"We never talked about acting at home—we thought of ourselves as ranchers," he says. But from high school on Jody became more interested in acting, and before going into the Army was graduated from UCLA as a theater arts major. Along the line

Expect More

"It may be easier for a second-

generation actor to get his first break," says Jody, "but almost everything else is harder. People expect more of you. People have less sympathy for you. And you have to have enough sense yourself to avoid things that you're not ready for."

Jody did not even think about acting as a career until he was a student at New Mexico Military Institute. He and his younger brother were brought up on the McCrea's working cattle ranch 30 miles north of Los Angeles.

LAWRENCE NOT GIVING VIEWS

HARRISBURG (AP)—Gov. Lawrence stayed on the fence Wednesday on his choice of presidential candidates in 1960.

He was asked two questions in connection with an Associated Press survey of the 30 governors in the nation.

Q. Who are your first, second and third choices for the Democratic presidential nominations in 1960?

A. "I don't have any."

Q. Who is most likely to win the Republican and Democratic nominations?

A. "I have no idea."

Lawrence, Democratic national committeeman for Pennsylvania, has previously said he believed Vice President Nixon would win the GOP nomination but that Gov. Nelson Rockefeller of New York would be a more formidable candidate.

On that point, the governor said, he has not changed his mind.

Prisoners Rioting; Demand Amnesty

HAVANA (AP) — Inmates in crowded old Principe Prison rioted for four hours Tuesday demanding an amnesty they said Prime Minister Fidel Castro had promised common criminals. Police reinforcements ringed the prison walls and held the prisoners at bay with gunfire.

Interior Minister Jose Navarro promised to consider an amnesty as well as demands that prisoners be removed from old dungeons.

There are nearly 2,000 prisoners in the prison.

PAY TV SOON

LOS ANGELES (AP) — The president of International Tele-Meter Co. says his firm will be operating pay TV in Canada before the end of the year. Louis A. Novins said the paying viewer will be able to choose from a sports program, a motion picture or a local show at the same time. Coin boxes will be attached to the home sets.

SEATTLE, Wash. (AP)—Secretary-Treasurer William Schnitzler of the AFL-CIO says a costly steel strike is inevitable next month. He told newsmen Tuesday night: "The manner in which the steel companies have organized themselves against the welfare of their own workers makes a strike inevitable."
